Building Application/ \$10.00 Permit # _____

Name: _____

Address: _____

Description of Work:

Location:

Guidelines:

Before any construction begins, the city maintenance man will inspect the site to ensure that construction is not on the easement of the city street or alley. City is **not responsible** for determining property lines between land owners.

Valves for underground sprinkler systems shall be 6 feet from water meter. A back-flow valve must be installed. The city maintenance man will make a final inspection of the system before valves are covered.

Signed: _____ Date: _____

By signing this building permit, I agree that I have read the building permit ordinance and agree to follow the guidelines of this building permit and the applicable city ordinances. This application will expire in 6 months from the signature date.

Approved By: _____ Date: _____
