

## Cool, Calm, and Collected

Your home is your sanctuary. Step through the front door and feel the stresses of the outside world melt away as the cool colors of your personal oasis soothe you. Calming greens, blues, and aquas are favorite decor colors for a reason, and they're always in style.

It's all in the details, and Graber's beautiful cool toned window coverings play perfectly with elements of nature, mixed wood tones, and soft, plush seating. So if you're interested in creating your own zen den, a soothing coastal bedroom, or a home office built for focus, Graber has an option that's perfect for your space.

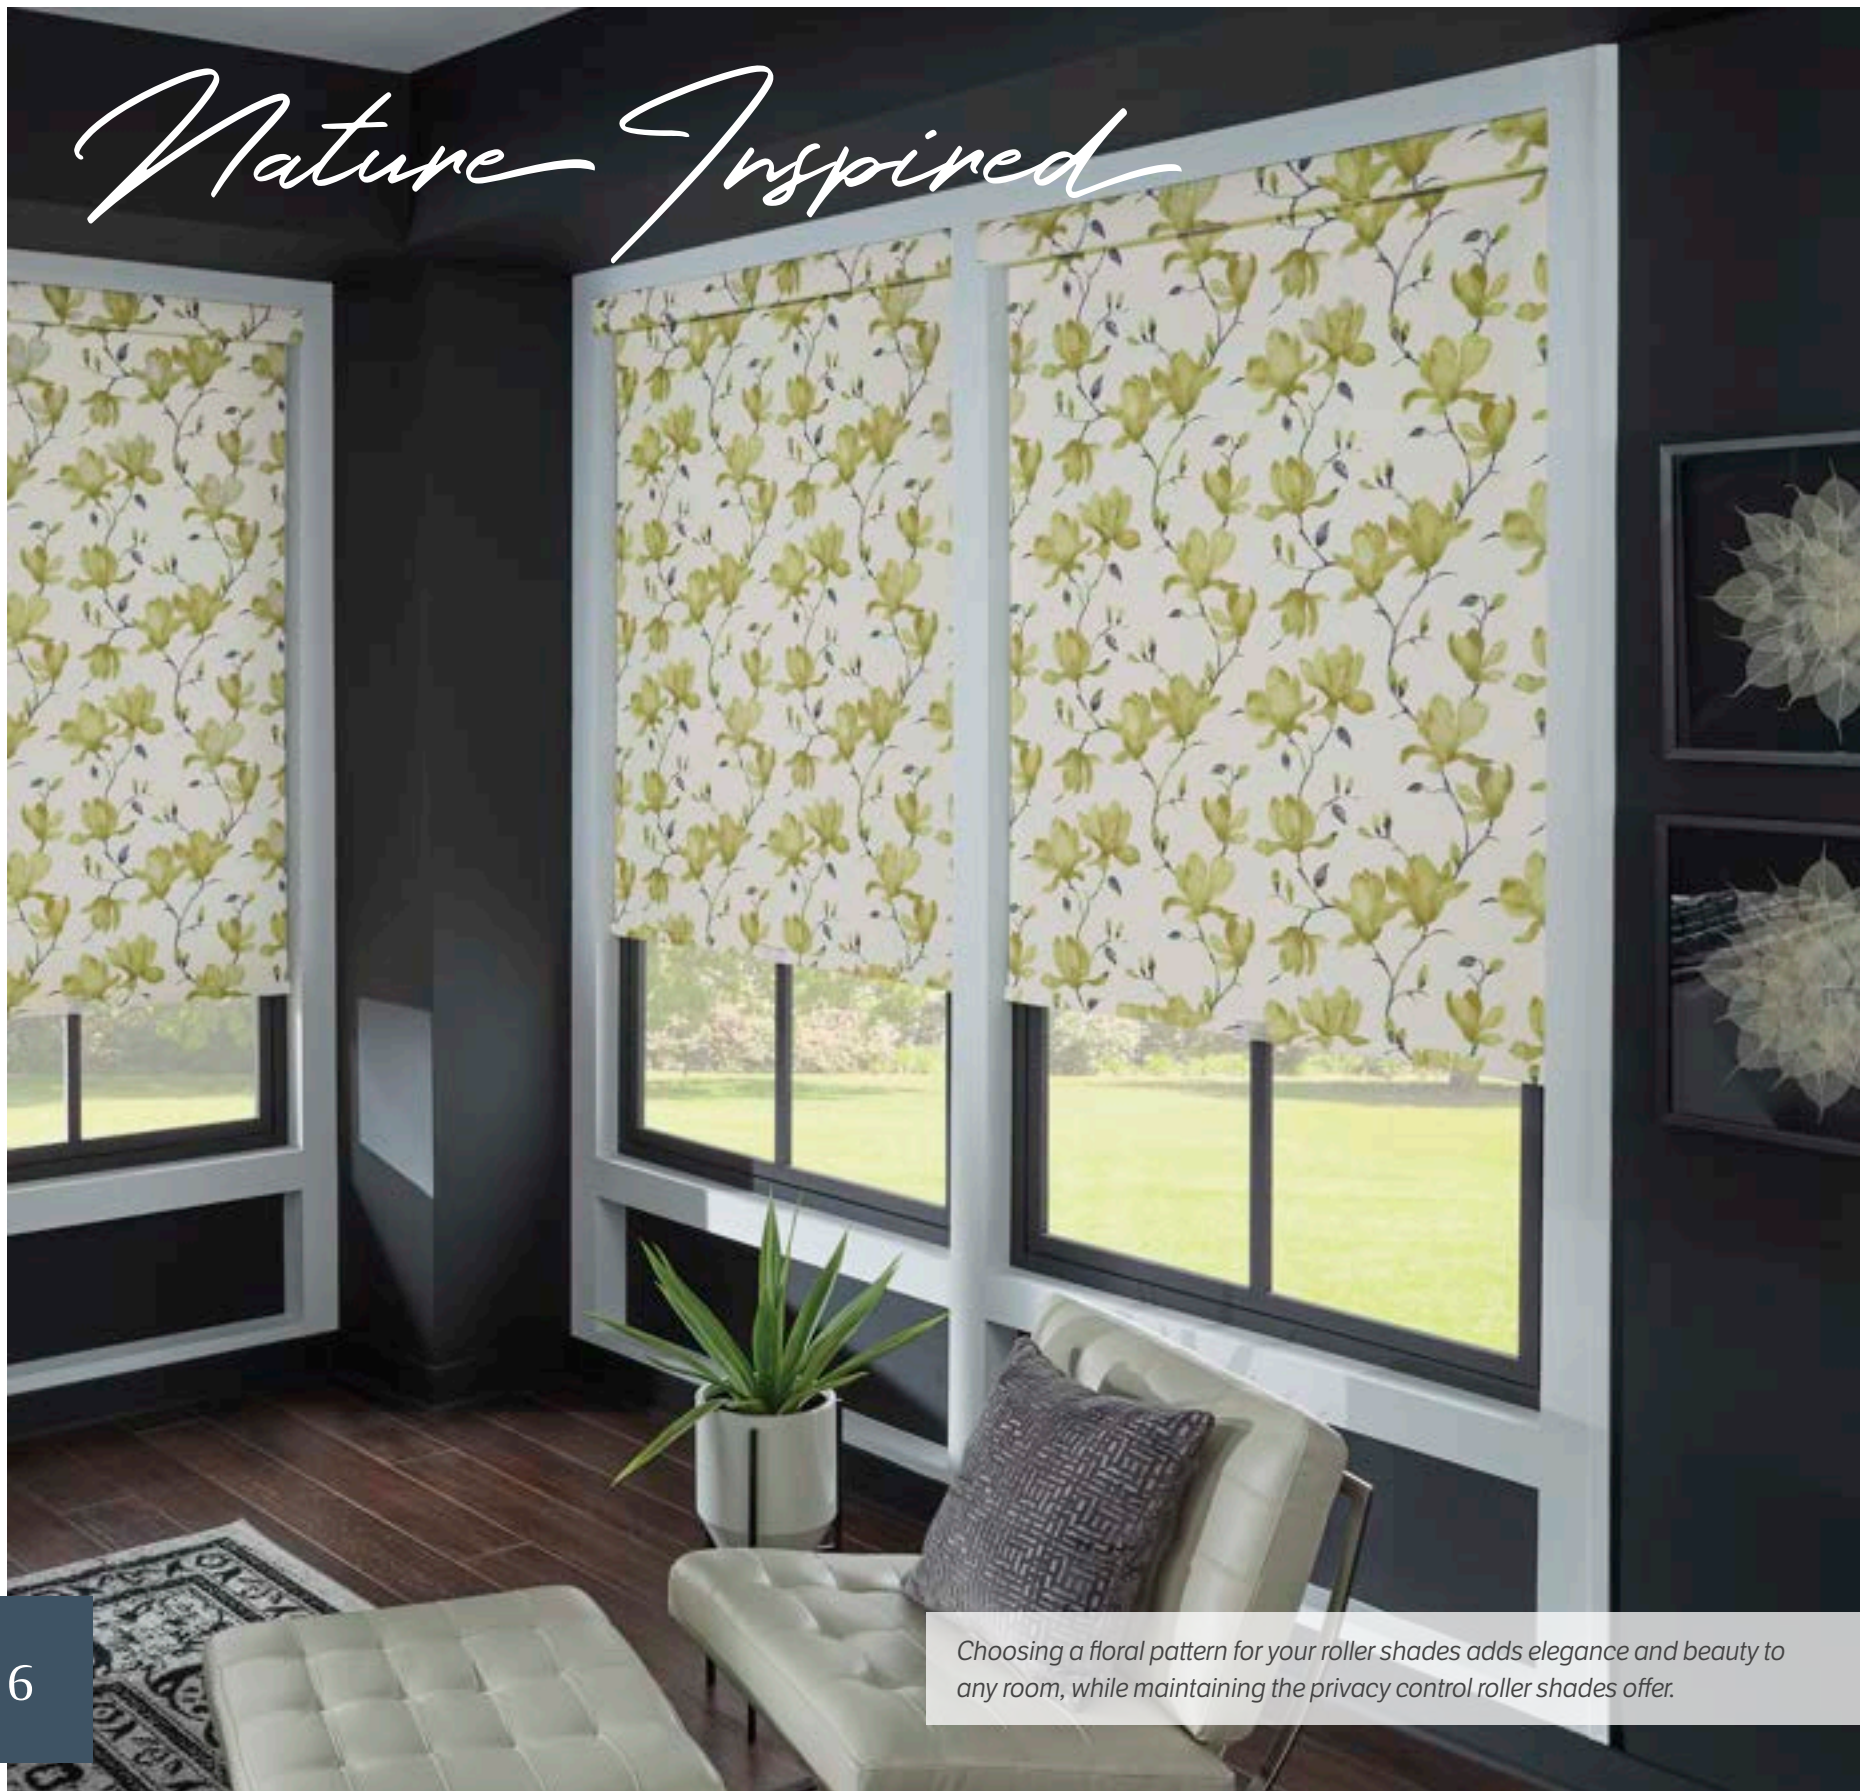

Bring the beauty of the outdoors inside with gorgeous, hand-woven natural shades. These window coverings play perfectly with wood furniture.

# Nature Inspired

*Design Tip:*  
Add easy-to-care for plants like succulents for a dash of greenery and a breath of fresh air.

# Bold Patterns

You are sure to make a statement when selecting a bold pattern for your window treatments.

Design Tip: Scared of patterns? Try one bold item and keep the rest of your room neutral.

# Bold Patterns

A motif pattern is a great selection for a large open space, where it has the chance to shine and create a great focal point for your room.

Add some softness to graphic patterns by choosing them in pleated shades or soft treatments.

# Draped in Luxury

Add draperies over your blinds or shades for increased light control and an extra layer of luxury.

Draperies are the perfect finishing detail for any space. If your style leans classic, try a simple stripe. Looking for something bolder? Try a graphic pattern mixing blues and greens.
