Dear Mr. Avery,

Monique Estrada is an individual who deserves consideration and would be a fine addition to your staff. I had the opportunity to work with Monique after she joined KASA FOX 2 as a graphic artist and was pleased to find that her talents surpassed what was anticipated.

Monique was a hard worker, diligent at any task, and was willing to work outside her areas of expertise gaining new skills, while improving her understanding of the broadcast business. Her creativity and willingness to go beyond the call of duty to complete tasks well, and before deadline, made her a invaluable resource.

Although Monique was not a direct report to the Operations Department interaction with members of the production, and on-air staff was appreciated by all. Her co-workers were receptive to her input, and found that she was a trusted ally in completing tasks.

Following the merger of KASA and KRQE the independent company that I own, MH Bulldog Productions have continued to utilize Monique's skills for graphic projects. She has been the sole responsible party for all the art design and completion of the box art for the Gathering of Nations Highlights.

In this role I have found her work to be at all times of the utmost quality, and never hesitate to entrust the tasks to her creative process.

Please take a moment and consider this an opportunity to hire someone who can adapt and grow with your organization.

Sincerely,

Mark S. Gardner  
President  
MH Bulldog Productions
