

Good Evening.

So, we keep hearing this is a pandemic of the unvaccinated. Even our own local media pushes this narrative. In a recent OBX Voice article, the vaccinated are defined as “those who’ve received 2 doses of Pfizer/Moderna or 1 dose of the J&J vaccine.” This is not completely accurate. In fact, the CDC definition of fully vaccinated is those who are 2 weeks beyond their final dose. For clarity, let’s dig into some examples...

-Jack gets his 1st Moderna vaccine and dies a week later from an unfortunate adverse reaction. Peter is classified by health officials as an unvaxxed Covid death. (1 dose)

-Jill gets her 2nd Pfizer vaccine and 13 days later tests positive. Her case is reported to the local health department and recorded as an unvaxxed Covid case. (less than 2 weeks post final dose)

This is flagrant data manipulation. Some might call it fraud.

Does it strike you as odd that citizens are being offered free donuts, lottery \$, burgers, marijuana and beer for vaccine compliance? In the name of “public health”?

Does it seem outrageous that the PCR tests we relied upon for 2 years have now been pulled by the FDA/CDC for failure to differentiate between Covid and flu? The flu didn’t magically disappear last year.

Does it seem suspect that the quarantine metrics keep changing in an increasingly bizarre manner? The current toolkit rewards vaccine compliance. The fully vaxxed and boosted have no quarantine imposed despite their ability to both contract and spread virus.

Is it not curious that the FDA/CDC wish to wait 75 years to release data related to their vaccine studies?

There is something truly ugly at play here folks. If you still don’t understand the bigger plan please research Agenda 21, the Great Reset, or Rockefeller’s Operation Lockstep. This has NEVER been about a virus. Wake up!

Yet, this board continues to actively participate in the fraud and violate established law. MLK Jr. once said “to ignore evil is to become accomplice to it.” And accomplices you currently are...

Under 21 code of federal regulations section 50.23 and 24 it is illegal to coerce a citizen to participate in an experiment. This is how the Nuremberg Code was folded into our federal law. I will remind you that masks and currently available vaccines are all EUA, experimental devices. Furthermore, under 18 US Code section 2331 it is illegal to coerce a population. This is a felony that carries a 99 year prison term. Forced masking to obtain a public education is coercion.

The longer this lawlessness continues, the more votes that are recorded on the permanent record, the more emails that are collected, the more affidavits of discrimination and coercion are compiled, the stronger a class action lawsuit becomes. This board is lawless. It is beyond time to find the courage to stand, lead and follow established law. Because you will, ultimately, be held accountable.

Thank you for your time.
