To:

Mr. and Mrs.

Good afternoon and thank you for your email.

1. Panorama: **We do not** use any of the software provided by Panorama Education (MTSS, SEL, and surveys). Further, Panorama is not in our LINQ financial database. Currently, DCS utilizes Branching Minds (K-12) to support MTSS.
2. Casel: CASEL evaluates SEL programs through their vetting process and includes approved programs on their resources page (a "seal of approval", if you will). Any access to student data would be between the district/school and the specific SEL software that the district elects to use, and **we do not** recognize any of the programs listed.
3. Can you be more specific regarding the "the 5th point on our homepage"? I'm not sure what you are referring to.
4. We do not have a CRT program.

Thank you.

John
