Success!
We have some fantastic volunteers that are making a great contribution to our Community.

JULY AND AUGUST 2018

We established a very good partnership with **Post Oak Middle School** in early July.

The Foundation executed projects in July and August.

1. Funded the **USA BMX STEM Program** that is an 8 module curriculum combining science, technology, engineering, and math. The acquisition procured 5 bikes that will be the focus of the modern day shop class.
2. Executed the **Landscape Beautification** phase 1 of 2. This project involved the delivery and spreading of 28 yards of Mulch. This was a great community effort that involved the Belmont Ruritan Club, POMS Teachers. Parents, kids, and our Foundation team.
3. Monthly Birthday Celebration: Treats provided and a Microsoft gift for the kids.

VOLUNTEERS

The **Belmont Foundation Ice Cream Social** was a great success. We introduced our new 501 (c)(3) organization to 40 new volunteers. It was great seeing the interest and desire that everyone has in helping everyone in our community prosper.

Thank you for volunteering!

DONATIONS

Based on the planned activities with POMS, we have projected a budget of **\$50,000** required for the 2018-2019 school year. We currently have received \$30K in donations from our community and the Microsoft Corporation. **Online Donations:**
