## 2025 Irrigation Schedule

We are asking our residents and property owners to follow an alternating day watering schedule. This is an honor system; we appreciate your compliance.

Irrigating every other day will keep your yards looking their best while providing adequate irrigation pressure for everyone during peak watering hours. On your watering day, feel free to schedule more than one watering if you feel your property requires it.

Please follow the irrigation schedule below based on the last numeric digit of your physical home/property address.

Home address ending in odd numbers:

**Irrigation Days: Monday, Wednesday, Friday A.M. & P.M. and Sunday A.M.**

Home address ending in even numbers:

**Irrigation Days: Tuesday, Thursday, Saturday A.M. & P.M. and Sunday P.M.**

**Exceptions to the schedule are:**

**New landscaping, lawn and/or vegetation:** Please water as needed for a period of up to 6 weeks.

**Construction:** Please use irrigation water to minimize dust during construction as needed.

**You may also find helpful information on our website; [svww04.com](http://svww04.com)**

**On our website we provide basic information on irrigation schedules, irrigation start and stop dates at the end and beginning of the season, and payment and contact information.**

**Please feel free to contact us with any questions.**
