## 100% RYE WHISKY

Made from locally grown 100% Ontario rye grain. We mash, ferment, and distill by hand in small batches in our small copper pot still. Our whisky is aged in ex-bourbon casks on site for a minimum of three years. Each barrel is bottled individually as a single cask offering in individually numbered bottles, offered at either cask strength or at 46% alc./vol. No additives nor colouring and no chill-filtering.

“Stalk & Barrel cask strength 100% rye whisky takes rye into innovative new flavor territory. Rye spices, rose water, vanilla, earthy tones, and dark rye bread on first nosing are all typical of rye. However, once it broadens into linen, oilcloth, linseed oil, high fruity esters, malt, and breakfast cereal (Weetabix?) it’s all wonderfully original. A real honey barrel. Dang!” - 92 Points
