

TRAIL'S
END
KENTUCKY STRAIGHT
BOURBON WHISKEY

THE END of one path forms the beginning of another. This is not just our philosophy but our story. Trail's End is a true-born Kentucky Bourbon aged in charred new American Oak barrels. It then travels west to Oregon where it's finished with Oregon Garryana Oak and glacier-fed spring water. What emerges is an instant classic.

TRAIL'S END

KENTUCKY STRAIGHT
BOURBON WHISKEY

TRAIL'S END 8-YEAR KENTUCKY STRAIGHT BOURBON WHISKEY FINISHED WITH OREGON OAK

TASTE: Initial introduction of roasted apples, hazelnut, chocolate, and candy cap mushroom continues mid-palate. A long finish of sweet cream and more hazelnut neatly ties in the initial aroma, resulting in a cohesive profile.

AROMAS: Considerably less opening bite with the introduction of Garryana Oak. Focused aromas of toasted hazelnut, stone fruit, ruby port, and apple.

FINISH: Finishes long and warm, oily and buttery with a lovely malt spice kick and slight char note.
