

BREWDOG DISTILLING CO. ZEALOT'S HEART

44%

The name “Zealot”, meaning fanatic, references the fact it took 197 distillations to perfect the recipe for this gin. We are fanatical about our botanicals; citrus, pepper and spice. Only the worthy are selected. But ultimately, it's in juniper we trust. The beating heart of a gin made by zealots, for zealots. Intense juniper, electric citrus and oriental spice make this gin shine in classic gin cocktails.
