TIME HONOURED

Glen Scotia distillery is situated in Campbeltown, one of the 5 recognised regions of Scotch whisky making in Scotland.

Founded in 1832, Glen Scotia is one of only 3 distilleries producing in this area. With a style unique to Campbeltown, Glen Scotia distils both peated and non-peated single malt.

At a time where malt lovers are on a quest of discovery, Campbeltown is the final frontier and last great whisky-making region in Scotland.

Campbeltown was once hailed in the Victorian Age as the 'Whisky Capital of the World'. Today, only 3 distilleries remain. One of the finest is Glen Scotia."

## DOUBLE CASK SINGLE MALT SCOTCH WHISKY

Glen Scotia Double Cask is a classic Campbeltown malt representing a formidable pedigree of whisky making since 1832.

The whisky is then finished in a combination of first fill bourbon barrels followed by time in Pedro Ximenez sherry casks to produce this outstanding malt whisky that provides the perfect balance of rich spicy fruits, overlaid with the characteristic sea spray and vanilla oak finish for which the house of Glen Scotia is famous.

### FEATURES & BENEFITS

- ♦ Glen Scotia is one of the smallest and most traditionally-operated distilleries in Scotland. The result is a line of small-batch, perfectly balanced malts with intense and highly discernible character.
- ♦ Glen Scotia malts have a distinct, lightly peated profile with clearly identifiable influence from sherry cask ageing along the sea coast.
- ♦ Double Cask is finished in the finest American oak barrels and then Pedro Ximenez sherry casks creating a perfect balance of rich spicy fruit with hints of sea spray, offering the consumer a chance to enjoy a true Campbeltown single malt.
- ♦ Our Double Cask is bottled at 46% ABV and is non-chill filtered resulting in a rich smooth taste providing a balanced single malt with intense character.
