Dealership Update- Nic

The tradition continues; Ozark Mountain HOG Newsletter - Late Night Edition! I am writing to you all this month on a dreary Friday evening but surrounded by some of our HOG Officers that are making certain we have sustainable plans for 2025.

Progress continues as we begin our construction/remodel project that I wrote about a few months back. Our new Service Drive is under construction and consequently your HOG room is presently a mess, but it will be short-lived and well worth the time and effort once the dust settles.

Once our Service Drive is completed, all who are checking in their bike for Service, will go directly to what used to be our HOG Room entrance to check their bike in with Cassidy and Justin. Our waiting area will remain in the showroom and is expanded. Additionally, as soon as the Service Drive is completed, we'll begin construction of your new HOG Room where the Service Drive once was. This new space will be much larger than the old HOG Room and positioned better within the dealership to promote HOG events and membership.

I'm excited to show you this project at completion in the coming weeks as well as some other projects that will follow immediately. 2025 is the year of less talk, more do, getting to-do to-done!

Please watch the e-blast for locations of events during this time of construction and thank you for your patience during our remodeling!

See you on the road!

Director's Corner- Michael

Greetings to all HOG riders, passengers, friends and family. Winter is well underway, but yet, we continue to ride. We had several rides in January, and there was a great turnout for the first Bike Night at Renegade despite the temperatures in the 20's.

Determination breeds success! We will continue to pursue the 1,000,000-mile challenge in 2025. If every chapter member participates in recording your miles, we will surpass that lofty goal. Simply take a picture of your odometer and forward to Debbie V. You can text or email it to her. It's that simple, and your mileage really does make a difference.

I would like to congratulate Brent E. on being chosen by his peers as the 2024 Sparkplug Award recipient. There were 11 people nominated, and only 1 vote separated first place from second place, and only 1 vote separated 2nd place from 3rd place. I am extremely excited that 11 chapter members were nominated!

Last Saturday Valerie G. presented a workshop on team building for the current officers. This was an outstanding opportunity for all the chapter officers to share ideas for 2025. I was able to present my Vision and Goals for 2025. They are:

VISION: To create the best riding experience for all members through active participation in rides and activities.

- GOALS:**
1. Safety Riders and motoring public.
Robust Safety Program
 - a. Road Captain Program
 - b. Ride Leader Program
 - c. New Member Orientation Program.
 2. Sustainability
 - a. Dealership
 - b. Programs
 - c. Membership (95% Renewals)
 3. Ride & Have Fun!

I asked each officer to make a pledge to engage in accomplishing this Vision and the Goals. I also encourage each chapter member to help our chapter accomplish these goals as well. You can ask an officer for ideas on how YOU can help grow our chapter.

As always, you can call/text/email me for ideas or suggestions. You can also submit your own ideas to improve your HOG chapter.

Let's keep rolling and moving forward as we create the BEST riding EXPERIENCE for all our HOG members.

Assistant Director's Corner- Matt

WELCOME TO FEBRUARY!

The weather this time of year is still iffy but let's all get out and ride. In 2024, 46 riders completed at least 10 Chapter rides, and 31 riders have earned the Ride Leader patch. Recognition forthcoming – great job everyone!

So far this year we have completed five Chapter rides and a total of 980 miles reported as of 1/26. This makes us 96th in the nation and number 7 in the West Central region. Our national rider average is 18 miles. We are off to a great start even though it's been very cold.

We will again recognize monthly birthdays at the February social on the 13th. Let's not forget Valentine's Day!

Keep logging your miles with the dealership to meet the monthly check-ins.
Ride Safe and Have Fun!

Secretary's Notebook- Valerie

The business meeting is held on the 4th Tuesday of every month. It is open to any who wishes to attend, although voting is restricted to officers only. You are encouraged to attend if you would like to have a better understanding of the operations of the chapter. If you are unable to attend but have any topics that you would like to address to the officers, please send them to me no later than Tuesday BEFORE the meeting and I will add them to the agenda for discussion.

Meeting minutes are posted on the Chapter website the month following the meeting after they have been approved (i.e., January minutes will be posted in February). Scroll down to Newsletter and Minutes and you will find the last two months of minutes and newsletters. A quick reminder that ride sheets and waivers will be stored by the Secretary after they have been reviewed and recorded by the Assistant Director.

Reminder, please make sure all waiver forms are filled out completely before turning into me for filing. Thank you

Treasurer's Purse- Ramona

WELCOME TO FEBRUARY!

Hope you all are enjoying this winter weather and riding when you can. We have started the year off strong and have a current balance of \$2,186.97. Please reach out to me if have any questions, rjconde@sbcglobal.net.

Ride when you can, bundle up, ride safe and have fun!

Safety Corner- Mike F

Hello everyone! I hope everyone is doing well and getting some riding in! I became an MSF instructor because I was tired of reading local articles of riders being killed. I use that position now to try and reach those new (and some experienced) riders. I am now going to use this position as Safety Officer to do the same thing within our HOG chapter. If my words save one person, I have done my job. With that being said, this article will be about what I believe, some of the most important aspects of riding a motorcycle.

We all hear the old saying, "Ride like you are invisible". I would like to challenge this, instead of 'Ride like your invisible' how about 'Make yourself more visible'. There are many things you can do to accomplish this.

Many cagers suffer what is called Inattention blindness, be aware of it. This means, they do not see what their eyes are not trained to see. People that do not ride, they can look right at a motorcycle and never see it. Their brains are trained to see other cars, not motorcycles - it is not intentional. An example of this is, maybe you bought a particular make/model of a car, prior to buying it, you only seen a few, as soon as you buy that make and model, you see them everywhere. Think back to before you rode, how many motorcycles on the road did you see? How many do you see now? I bet it is MUCH more.

When riding, think of your lane position. Choose a lane position that makes you more visible. This lane position can change depending on your surroundings. Other things are staying out of blind spots, motorcycle lighting, reflective and/or hi-vis gear, how close you are and lane position when sitting behind a vehicle at an intersection. You want to avoid a lane position that could cause you to blend into your surroundings. Ask yourself what other things you can do to make yourself more visible.

Situational awareness. SEE everything! Know your surroundings 360 degrees around you ALL the time, what is behind you is just as important as what is in front of you. How far ahead do you look? Have always at least one escape path. Intersections are one of the most dangerous places for motorcycles. When parked at a traffic light, where are you? Are you right on the bumper of the car in front of you sitting in the middle of the lane, transmission in neutral with the clutch out? If a vehicle approaches and can't stop, what are you going to do? When the light turns green, take a second and look to make sure traffic stops before proceeding, don't just look at the first car, the second or third one may be the problem. Never assume that a cager sees you, never assume a vehicle is going to stop. Coming down Sunshine did you see the car approaching the stop sign at the intersection ahead of you? What can you do to prepare and minimize your risk if that vehicle decides to proceed?

Read traffic, watch for drivers that are driving erratically, speeding, abrupt lane changes, etc. watch for inattentive drivers on their phones, eating, etc. Ask yourself, where is the safest place to be? Many of us would prefer to be ahead of these types of

drivers, but is that really the safest?

The last thing I am going to talk about is road rage. This may not be popular for some but, if you suffer from this, maybe you should reevaluate your decision to ride a motorcycle or at least learn to control it before you throw a leg over. Your only protection is the gear you may (or may not) have on. The other is protected by cocoon with air bags that weighs at minimum, 3-4 times more than you. You will never win a road rage incident with a car. If you allow that person to make you angry, THEY WIN! Let it go, let them go and ENJOY YOUR RIDE! I personally chose to NEVER allow someone to have that much control over me.

These are just a few of the things you can do to make yourself safer and minimize your risk while riding. Many of these are things you can practice driving in a cage as well. I would challenge everyone to start practicing these ideas, if you are not doing so now, on the bike, and in your cage. If you do that, it will start to become natural.

If anyone would like to discuss this further, please feel free to reach out to me, I am always open to others' ideas on these subjects!

Ride,Ride,Ride!

We're excited to announce our inaugural quarterly meeting for Ride Leaders and Road Captains **February 20th**! If you hold one of these important positions, we encourage you to attend. This meeting is a great opportunity for us to enhance our communication. The meeting will be at 6pm at the dealership to better serve our H.O.G. Chapter.

As a reminder, it's essential that all Road Captains and Ride Leaders ensure that the Ride Form and the appropriate release forms are accurately completed for every ride. Please double-check that all addresses and phone numbers are included on the release forms to maintain our safety standards.

Stay safe on the road and keep accumulating those miles! We look forward to seeing you at the meeting!

Ladies of Harley LOH Corner- Johnna

Ladies of Harley-

This year we have activities and rides monthly. Who would like to step up and plan/lead a ride? You can lead/plan a ride if you are a lady that rides or are 2-up. We would like to have any lady chapter member have the chance to lead a ride for LOH. It doesn't have to be a long ride. Most rides may be to an activity that is on the calendar. I would encourage all the lady riders to give it a try, at least once. I am here to help.

There are several reasons why you might not want to lead a ride. Believe me, I was thinking the same thing. However, once you plan, lead and execute a group ride, you will not regret it. The feeling you get outweighs the reasons to not lead. Please consider supporting our LOH by leading rides and enjoying the fun!

Sunday, February 9th - LOH Saturday Scoot from 1pm-3pm

Friday, February 21st – Rare Breed Service Project 3:30pm-5:30pm

We will need help with preparing food and serving. We will be preparing spaghetti and desserts. I will need 2 people to help serve. Please contact me if you are available and willing to help.

Membership Corner- Corey and Nancy

Thank you to those who have renewed their membership for 2025.

If you need to turn in your forms and pay your \$20 membership fee, you can turn it in at the next social gathering or hand it in to any officer at any event, ride or at Renegade H-D. Please remember a National Hog membership is required to join our local chapter. No exceptions. Anyone is welcome to ride unless it's a closed ride. A waiver is required for non-chapter members.

National HOG Membership Anniversaries for February:

Shandy Young (1 year), Arleigh Lilly (1 year), Michael Tucker (1 year), David Neil (1 year), Tony Venekotter (1 year), Chrissy Lowther (1 year), Barbara Bond (2 years), Ellen Wiertzema (2 years), Jason Wiertzema (2 years), Dana Weidler (2 years), Kathy Hartley (2 years), Brian Hartley (2 years) Ty Harris (4 years), Wil Wheelock (4 years),

Kevin Cervellere (26 years).

Please join us in welcoming our new members and in celebrating the National HOG membership anniversaries of our friends. It has been exciting to watch the attendance at our social gatherings continue to grow. Higher attendance results in greater fun and fellowship. The deadline to renew your membership is February 28, 2025. At that time if you have not renewed, you will be taken off the rolls and will no longer receive any communication from the chapter.

Fundraising Coin Purse- Chrissy L

Hello Everyone! Happy February! I am still working on some fundraising ideas, one of which I need your help with! If we have any chapter members that quilt, and would like to make a quilt for a raffle, will you please reach out to me to visit? I am looking for a more traditional quilt this time around, and would love to see what you've made, and what you might charge, or better yet, donate (wink wink) to making a beautiful quilt. I have some photos samples of what I have in mind, but I am excited to see what our quilters might suggest. I will also go out into the community to look into getting a quilt made as well if needed, but I would love our members to be engaged and help with this one! Send me an email at chrissylowther@gmail.com.

We are running a Sweetheart Dinner raffle. Tickets will be \$20.00. The package will include a \$200.00 gift card to your choice of Char, Flame or Ariake. It will also include a women's Harley Davidson necklace. The package is valued at \$370.00. Tickets will be available this month at the social, at the Valentine's event, at the dealership or you can even Venmo Chrissy! Drawing will be March 1, 2025. Any member that sells 5 or more tickets will earn bonus points in the Orange Challenge Book! Contact Chrissy at chrissylowther@gmail.com for more information.

Another fundraising idea is coming to light, so stay tuned for a dunk tank with Jerry Pedigo, Mike Vennekotter and Nic Lowther! Start saving your pennies now, you won't want to miss this opportunity! Warmer weather is right around the corner! Stay safe, have fun, and get out and RIDE!

Merchandising- Brad Sanders

Brad is looking into restocking for patches and shirts. He will update everyone when the new merchandise comes in. If you need patches: the Large Chapter tricolor or silver patches and rockers are available for \$21.00 each or \$40.00 for a set. Small tricolor or silver patches and are \$11.00 each or \$20.00 for a set.

All short sleeve T-shirts are \$20.00 each. The long-sleeved T-shirts are \$24.00 each.

You can pay by cash, or a check made out to Renegade Ozark Mtn Chapter HOG.

Chaplain's Meditations - Gregg and Jeanne

Four-Dimensional Love

Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It does not dishonor others, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil but rejoices with the truth. It always protects, always trusts, always hopes, always perseveres. Love never fails.

1 Corinthians 13:4-8

A four-year-old was asked the question: "What does love mean?" The answer was both amusing and profound; "Love is when your puppy licks your face, even after you left him alone all day." There is a tendency to measure love by the outward response received. The word "love" has lost much of its power to convey something special. Consider these statements: "I love you. I love my dog. I love to eat. I love my Harley. I love to ride. Let's make love. I love God." We use the same word to describe how we feel about each of those statements. Our meaning in each case is quite different.

The Apostle Paul prayed that his readers would "*grasp how wide and long and high and deep is Christ's love*" (Ephesians 3:18). The word "grasp" literally means to experience love, not just have a mental concept of love. Paul described four dimensions of God's love that he wanted people to experience.

Consider the width of God's love. The width of God's love is the most obvious thing that distinguishes His love from human love. We love certain people but not others. We love certain types of people, but not others. The Bible teaches that there are no sub-standard people, nations, or tribes. "*For God so loves the world that He gave His one and only Son, that whoever believes in him shall not perish but have eternal life*" (John 3:16). God loves everybody! Think about the person you most dislike. Now think about this: God loves that person. God's love is all inclusive.

Consider the length of God's love. The most likely meaning is a reference to time. God's love is from everlasting to everlasting. It isn't just available on Sundays. His love is not inconvenienced or bothered by disruptions. God's love is available all the time.

Consider the height of God's love. Height refers to measurement. It also refers to "a high standard" or "quality." The quality of God's love surpasses anything we have ever known or experienced. Quality is determined by comparison. Which is a better bike? Harley or Honda? Your decision is determined by quality and preference. God's love is of such quality that it will never measure you by comparison to someone else.

Consider the depth of God's love. This love describes the depths of the sea, or the depths of a miry pit. It is also used in the parable of the seed. The seed that lands on rocky soil and springs up quickly dies, because there is no depth to the soil. It looks good, but there's nothing to it. God's love is real. Depth not only refers to the fact that it's authentic, but that God's love reaches into the depth of our deepest needs.

Width, length, height, and depth describes a box. How big is your box of God's love? We limit God's love by the size of our box. God's love cannot be contained by your thought and understanding of Him. He is much bigger than that. God loves you!

Prayer

Father God, thank you that your love is unconditional, immeasurable and eternal. That it never runs out nor can it be any greater than it is for me right now. Holy Spirit, help me to share the love that has been so freely given to me with others who surround my life. I ask this in the name of Jesus; the One who embodies perfect love. Amen.

Food Team Serving Platter- Antoinette

Hello everyone. Since February is a month of transition for our HOG Room, dinner will be moved to the Golden Corral in Springfield. For future meetings, it was requested to change the food a little this year to simplify it. There will be no theme. Everyone is asked to bring in a main dish you love or side dish- like a potluck at church! We would like to make sure we have enough food for all to attend. Dessert is already provided with our birthday cake!

Got questions, Please contact me, Antoinette via email
antoinettebevington@hotmail.com or text at 417-847-9770.

Mid- America Rally News- Archie Buckner- Rally Coordinator

Rally Time...Plan On It!!

Winter- Not a rider's favorite part of the year. In the spring, we brave the rain and dodge the storms, but we're riding. Summertime means not only warmer weather and more daylight hours to enjoy our favorite pastime. The colors of fall, and the break in the heat, give us a plethora of options and ideas to be out on two or three wheels. What about January or February? How do we embrace our passion during these months? Sure, we pull out the insulated or heated gear. Of course we take advantage of those warmer days. But if you're like me, the majority of your time is looking ahead. Thinking about rides you want to take this year, Planning trips that are unbeatable on a Harley. And checking the calendar for those rallies that you want to attend to this year. While you are looking at the 85th Sturgis, or putting in PTO for BBB, or making reservations for Myrtle Beach, don't forget the Mid-America H.O.G. Rally. June 5 -7. No travel

necessary for most of our chapter. As you are planning, start with registration and get in before it's too late! There are two packages to choose from. \$30 gets you the Black Package including your wristband, pin, and rally patch. For only \$10 more, you can get the Orange Package and get that T-Shirt that you know you are going to want anyway. After you register? Volunteer! The H.O.G. rally is a rally for H.O.G. members, by H.O.G. members. Those coming to a H.O.G. rally enjoy giving just a few hours of service to help their H.O.G. brothers and sisters have fun. You might help at the registration desk. Maybe you'll ride Maybe you'll fill one of the many other roles that are needed to help make a rally a success. To volunteer, simply send an email to volunteerridingtheozarks25@gmail.com. Let us know if there is something particular you are thinking. If you are already working with one of the committee members, let us know so we can assign you correctly.
