Dealership Update

Hello Riders and Friends!

August was a hot and fun month for many, myself included. I started the month with a very short trip to Sturgis, SD for the 84th Annual Rally event. Many asked me about my sanity and mental status once they heard of the trip plans. Saturday after work, I ducked out and hit the road to Sioux City, IA as the night's destination. 455 miles later, I was tucking myself into bed and calling it a day. Sunday morning, it was time to finish the trip to Sturgis, and the ride was perfect. Upper 70's and clouds meant the day wasn't hot and miserable and made it easier to knock off another 420 miles to Rapid City, SD. Arriving that afternoon left time to explore Rapid City a bit, wander into Keystone, and ultimately experience the lighting ceremony at Mount Rushmore in total darkness. Total miles for the day, just over 500. Monday left time to explore other Rally sites, including Main St in Sturgis, SD. Tuesday morning, it was time to get up early and do the trip home in reverse, this time in one day. 900 miles later, I was standing in my garage unloading luggage and preparing for laundry. It was a very fast trip, but the rally provided an excuse to go, and a great way to say I didn't miss this year, yet only used a 3-day weekend to fit it in. With the right bike, the right gear and especially the right mindset, a Harley-Davidson trip can be anything you want it to be.

In other news, as I write this, we're finishing up our last moments open to the public under H&H Group / El Hefe Motorcycle Co ownership. I'm proud of where we've gotten to as a dealership, and very proud of where we've come from. We retailed 2,008 total motorcycles in that short ownership span, and I'm confident that this team did their absolute best to welcome those customers to the Harley-Davidson ownership experiences that await them. Our final bike sale went off without a hitch and I'm glad it will be a memorable sale for our team, a Billiard Grey 2024 Harley-Davidson Nightster Special was the final bike sold. It goes home to a fun member of the family, Mrs. Nancy Elder!

September will bring a new beginning and more progress to support our associates, customers and H.O.G. Chapter. Be sure to stop in, look around and say hello as we reopen Teddy Morse's Renegade Harley-Davidson. Until then... Get out and ride your motorcycle!

Nic Lowther, General Manager – Renegade Harley-Davidson

Director's Corner- Michael

Welcome H.O.G. family! I am hoping the dog days of summer are behind us, and cooler temperatures will prevail. Even though the days are getting shorter, the list of rides and activities continues to grow.

I want to extend a heartfelt thank you to our chapter volunteers who helped make the H.O.G. East Meets West Posse Ride a huge success. We hosted over 250 riders from all over the USA, and everyone I talked to said this was their favorite stop on the trip so far. And kudos to Renegade H-D for putting on a world-class party for our fellow H.O.G. members from all the other chapters. I can't wait to see what we do for the Mid-America Rally next year!

Earlier this week you should have received an email titled "Mid-Year Review." I would like to encourage each chapter member to take the time to complete this short survey. We really need your feedback and suggestions to make this chapter flourish and grow. We need to know what we are doing well, what we need to improve on, and what we should be doing that we may not be doing at this time. The surveys are anonymous so feel free to express your true feelings. The results will be shared with the other officers, and we will share them with our group as well. And please remember that you can approach Nic, myself, Matt or any officer with feedback.

Assistant Director's Corner- Matt

WELCOME TO SEPTEMBER!

Hope you are having a fun riding summer! As of August 27, the chapter has ridden 487,431 miles which ranks us as 8th in the nation and number 3 in the West Central region. Our national rider average is 4732 miles. You may have seen the total miles over 500k, but unfortunately one of our rider's miles was logged incorrectly and this has been updated. Let's get out there and ride so we can reach our million-mile goal! We are making Great Progress and hope you keep riding on down the road!

On a side note, but very important as we move forward as a Chapter, we need to remember the four key Harley Davidson Valued Behaviors: FAIR, HONEST, CREATIVE, and POSITIVE. For those of us that attended ROC earlier this year this was the core of what was discussed. I also believe we need to add RESPECT for each other in these behaviors.

We will again recognize monthly birthdays in September with a cake.

We will also continue selling tickets at the social for the Christmas Party which is scheduled for Dec. 7th; tickets will be \$25 per person again this year.

Please remember to send me (miconde@sbcglobal.net) or Ramona (rjconde@sbcglobal.net) any ride pictures that you would like added to the banner.

Keep logging your miles with the dealership to meet the monthly check ins.

The weather is reminding us that it is still Summer so stay hydrated but keep riding. Ride Safe and Have Fun!

Secretary's Notebook- Valerie

Last night after the business meeting, a new officer mentioned an interesting topic that has had me thinking about our H.O.G. chapter and why I chose to join and why I keep coming back. Jon has been riding for years and I would ride on the back of his bike, and we really enjoyed traipsing around the Ozarks. A few years ago, for a variety of reasons, I decided to learn to ride on my own. I started out on a Trike because I wasn't sure I could hold up a two-wheeled bike, but after taking the MSF course twice... once when I originally got licensed and the second time as a refresher once I decided to go to two-wheels...I was off and running. Jon still had his friends from years of riding that he could pal around with and ride when he wanted time with his friends, but since I was new to riding... I did not have a girl posse! So, I went looking for them. My first stop ended up being Chrome Angelz. It is a riding club founded by a schoolteacher out of New Jersey. I went to a convention in North Carolina and got to know several of the women from around the country. In the end, I found a sisterhood from afar as most of the chapters were on the east coast with some popping up in the middle of the country. The nearest chapter to me was in St. Roberts which was quite a far distance. It was a one-person chapter. We tried for many years to grow the chapter, but many people were afraid to join as it was commonly thought that Chrome Angelz were supporters of another widely known MC (which it is not). I was still left looking for ladies to ride with.

One day in January, I came to Renegade to buy a part and who is at the front door staffing the H.O.G. table, but Mike Vennekotter. He was friendly, welcoming, and encouraging. He told me about the chapter and had a handy dandy calendar of events for the year. I was so impressed by the fact that the chapter was so invested that they had a printed calendar with rides and events. During the conversation, Mike mentioned the Ladies of Harley! WHAT?! A ladies group within the chapter?! REALLY?! I grabbed the calendar and a couple of membership applications and set out to convince and recruit my husband. The following Saturday I dragged him back to Renegade and who was at the table at the front door again but Mike! He began to talk with Jon and before we left that day, we got online and joined as national members and then completed the application for the local chapter...the rest is history. At the end of the year when it was time to renew, there was not a question about whether we wanted to renew...we renewed! The question that Brad posed, was "why?" I renewed for the like-minded people who have a love of riding motorcycles. I renewed because we had made wonderful friends within the chapter. I renewed because it satisfied the need to serve the community with the fundraisers and events. I renewed for the amazing experiences...I would have never made the long trips that we have since made since joining. I renewed to meet interesting people...this past weekend was proof of that during the H.O.G. Posse event...H.O.G. members from around the country on a touring rally that Renegade hosted. What says "welcome" more than an amazing live band and great food! Which was another fun experience as I had never had food from a chuckwagon! I am so grateful that our chapter decided to retain Ladies of Harley even after it was phased out at the National level. I love the thought of having that group of ladies that I can call on and say, "Hey....want to ride to ??????????" and knowing that there will be someone to answer the call.

The business meeting is held on the 4th Tuesday of every month. It is open to any who wishes to attend, although voting is restricted to officers only. You are encouraged to

attend if you would like to have a better understanding of the operations of the chapter. If you are unable to attend but have any topics that you would like to address to the officers, please send them to me no later than the Tuesday BEFORE the meeting and I will add them to the agenda for discussion.

Meeting minutes will be posted to the Chapter website the month following the meeting after they have been approved (i.e., January minutes will be posted in February). Scroll down to Newsletter and Minutes and you will find the last two months of minutes and newsletters. A quick reminder that ride sheets and waivers will be stored by the secretary after they have been reviewed and recorded by the assistant director.

Treasurer's Purse- Ramona

Hello September!

August has flown by and hopefully we all were able to get some miles in before school started back.

August expenses were minimal as we kicked off the quilt raffle and rally planning and covered the main entrée for the monthly social (brats). We ended the month with a balance of \$5607.90; 3882.82 being dedicated to Hogs for Kids.

Please reach out to me if have any questions, rjconde@sbcglobal.net. Ride often, ride safe and have fun!

Safety Corner- Dwain

Greetings brothers and sisters.

Well, September is upon us and hopefully the temps will start to calm down some for some enjoyable riding. There is still a lot of riding left before the year comes to an end. We've had a lot of great riding this year so let's continue to keep those wheels rolling.

Now is a good time to start thinking about that heated gear for when winter starts to knock at the door. Don't forget to stay hydrated even in the colder months. Be cautious about early morning condensation on the roads as well as early morning foggy areas. As always remember that the critters will be moving around more with cooler temps. As our bikes have been taking care of us through this season, be thinking of taking care of

them during the colder riding season with updates, fluids, tires, repairs, etc. Till next month, keep those wheels turning and remember to always trust the rubber.

I hope everyone had a fantastic summer and enjoyed countless safe miles on the road! As we gear up for more great rides, here's a quick refresher on how to get your Chapter ride published:

1. **Plan Your Ride:** Map out the details and choose your date.
2. **Coordinate with Kathy Hartley:** Reach out to our Activities Officer at 314-814-4511 to check for any calendar conflicts.
3. **Submit Ride Details:** Provide Kathy with the ride name, meeting time, location, and KSU (Kick Stands Up) time.
4. **Publication:** Kathy will pass the information along to our Chapter webmaster, who will update Facebook and Google Calendar. She will also send the details to the Chapter Director for inclusion in the chapter E-Blast (email).

Important Notes:

- This process applies to all rides including LOH (Ladies of Harley) rides.
- If you're a new ride leader, please contact our Head Road Captain, Brent Emerson, at 573-855-3959 before scheduling or requesting a ride to be published.

Chaplain's Meditations - Gregg and Jeanne

GOD KNOWS ALL ABOUT YOU

O Lord, you have examined my heart and know everything about me. You know when I sit down or stand up. You know my thoughts even when I'm far away. You see me when I travel and when I rest at home. You know everything I do. You know what I am going to say even before I say it, Lord. You go before me and follow me. You place your hand of blessing on my head. Such knowledge is too wonderful for me, too great for me to understand!

(Psalm 139:1-6 NLT)

GOD KNOWS YOU! He has complete and total knowledge of all of us. He is omniscient. In fact, as our Creator, he knows you and I better than we know ourselves. How does that make you feel? Uncomfortable & Restricted or Comfortable & Protected? David wrote this Psalm while under reproach by those like King Saul and his rebellious son, Absalom. They had laid false charges against him. David makes his appeal to God in this Psalm. He makes his heart appeal to God by humbly believing that God is intimately involved in his life, guiding him, and blessing him. Is there anything that deep in your heart you think God might not understand about you? Be encouraged today. God knows everything about you, better than you think. The depth of God's knowledge is beyond human comprehension.

Prayer

*Father, thank you that you know our deepest thoughts and desires. That you know everything we say and do. Holy Spirit, we ask that you continue to reveal your love and the blessings that have been given to us. Thank you for your guidance and presence.
In Jesus Name. Amen.*
