General Information

July Meeting

The July SHRC meeting scheduled for Tuesday, July 12th was scrubbed due to a severe thunderstorm that rolled through the area at about 5:00-7:00pm. The storm brought torrential rain, strong winds and lightning. The meeting was rescheduled to the following day Wednesday, July 13th. Considering the events that transpired we still had 10 members that attended the cookout and meeting. A special thanks to the members that made it out to the meeting and participated in our monthly activity.

At the Wednesday meeting there was water still ponded up in the parking lot.

After a tasty cookout of grilled burgers and fixings, Steve called the meeting to order at 7:00pm. Steve asked if everyone approved the June newsletter minutes and all in attendance agreed they were good.

Steve announced our membership is now up to 79 members and that our financial accounts are holding strong as of July 2022.

Steve discussed the following topics:

- **The county's 2022 budget has been approved as of July 1st and we are now waiting to hear when the canopy floor concrete project will be scheduled.**
- **The runway and pit grass is looking great this year after all the work that has been done the past several years and the consistent rain we've been getting. We are planning to do the following work ourselves: aerate the turf in early fall and spot seed areas as needed.**
- **Three speed fans were purchased and installed under each canopy. This should move the hot trapped air under the canopy roof and help to cool the air down during the hot days of summer. Please remember to turn-off the fans before you leave the field for the day.**
- **The fall picnic/fun fly and swap meet is still on schedule as planned. At the next meeting we will be looking for several volunteers to help us on the day of the event. We will need help with parking, cooking, and some other activities.**
- **In planning for the 2022 Christmas Party, we will be acquiring the following raffle prizes from Horizon Hobbies at approximately 20-25% discount. Many thanks to Horizon Hobbies. Hope to see you all at the Christmas Party!**
 - **T-28 Trojan 1.1m, BNF Basic with AS3X and Safe Select**
 - **F4U V2 Corsair 800mm, PNP with Reflex, Blue**
 - **UMX Turbo Timber 700mm, BNF Basic with AS3X and Safe Select**
 - **Conscendo Evolution 1.5m, PNP**
 - **RV-7 1.1m, BNF Basic with AS3X and Safe Select**
- **Battery safety reminder: In June, while emptying the trash can under the left canopy we found some broken drone props and a damaged LIPO battery.**
 - **For the following reasons please do not discard any batteries in the SHRC trash cans:**
 - **We do not want to be responsible for disposing of the batteries.**
 - **A year or so ago, a damaged battery was placed in the trash can and it later exploded, caught fire, and burned the trash can to a pile of melted plastic.**
 - **You are 100% responsible for disposing your own batteries.**

Membership & Treasury Report
