THE GREAT ANNUAL SWAN HARBOR RC GIANT SCALE FLY-IN...

We held our annual Giant Scale Fly-In on September 10, 2005 at our flying field at the Swan Harbor Farm. The event was held in accordance with International Miniature Aircraft Association (IMAA) rules.

It was a beautiful day for flying. About 30 airplanes were flown. This was somewhat less than the previous year and can probably be attributed to the distractions of gasoline spikes, hurricane Katrina and other on going flying events that day. None-the-less, the public turnout was equal to, or greater than, the year before and is testament to the continued interest in RC modeling as a great spectator sport for the whole family.

All types of planes were represented including warbirds, sport flyers and classic oldies. The crowds were fed a wholesome menu of hotdogs, hamburgers and chips washed down with lots of sodas and natural spring water. All pilots returned safely. No one could have wanted more.
