BIG BIRD GIANT SCALE FLY-IN...**

This is our big event on Sept 10. It's our signature piece. We have always done well in the past and this is often a source for new members. Get the word out, tell your friends, family and neighbors. Those of you who still work for a living, how about posting some notices on your bulletin boards. And talk it up at the water cooler, you know, between solving the problems of the world and are the Ravens going to have a good year. Of course, attendance is mandatory for all Club members. It's going to be a great day.

GENERAL CLUB NEWS...

President Steve Snyder opened the meeting of August 11 at 7:00 PM. The minutes are as follows:

1. We will have one more meeting before the Giant Scale scheduled for Sep 10. Details of preparation will be worked out then.
2. Dan Bowman reports we still have 69 members.

If you have any questions regarding the minutes or contents of this Newsletter please direct them to Achille Silvestri, Ph 410-838-6261 or e-mail axsilvestri@earthlink.net.

Bill Kalb was flying another classic Fokker DRI. This one was piloted by von Rabin in 1918. The kit is by Balsa USA with a 73 inch wing and an OS 108...great scale.

Tom Obringer was flying his Dynalite PT-19. It has an 85 inch wing and is powered with an OS 108. This is another product of the Jim Snyder Ain't -That- A -Hell-Of-A-Plane Mfg Co.
