## Swan Harbor Club Meeting 8/9/16

1. Minutes read from last meeting
2. Old business, the club picnic is Sept 10th
3. New Business, see #6
4. Treasury Report Steve Snyder
5. General Discussion, Cecil Davis Finished up our new bulletin Board. Just looking at this makes me know right off the bat that Cecil is a true craftsman. He did a truly professional job. Many thanks to Cecil from the club for updating our tired bulletin board.
6. General Discussion, The county roads supervisor came to the field to measure up for material and see what was needed to begin the process to Tar and Chip our entrance road and parking area. This should be happening within the next couple of weeks and I am beside myself with excitement about this. We already have the nicest looking club around within a fifty mile radius and this will be the icing on our already delicious cake. My hats off and many thanks to Dale Davis for knowing the many people in the county who have helped to make our field a real showcase.
7. For those members who haven't seen the update on the roads mentioned in #6, here are some of the photos of the progress. I remind everyone to please keep an eye on the website and the club emails that come out periodically.
8. Please be sure to keep Saturday September 10<sup>th</sup> free to attend our fall picnic. It is usually a well-attended event and should be a great time as always. Looking for maximum participation from the membership.
