

Hindu Demons

by Ultrax DM (September 2011)

"God created man in His own image." You can find this verse in the Bible, Book of Genesis. Man looks like God and God looks like man. God is a huge Spirit which is in a human form.

Evil religious leaders, however, teach different gods. Hinduism teach about Ganesha and Durga. Buddhism regard Buddha as their god. The reason why God caused His prophets to write what happend in the past is to reveal Himself to all humans on earth who He is and who is supposed to be worshipped.

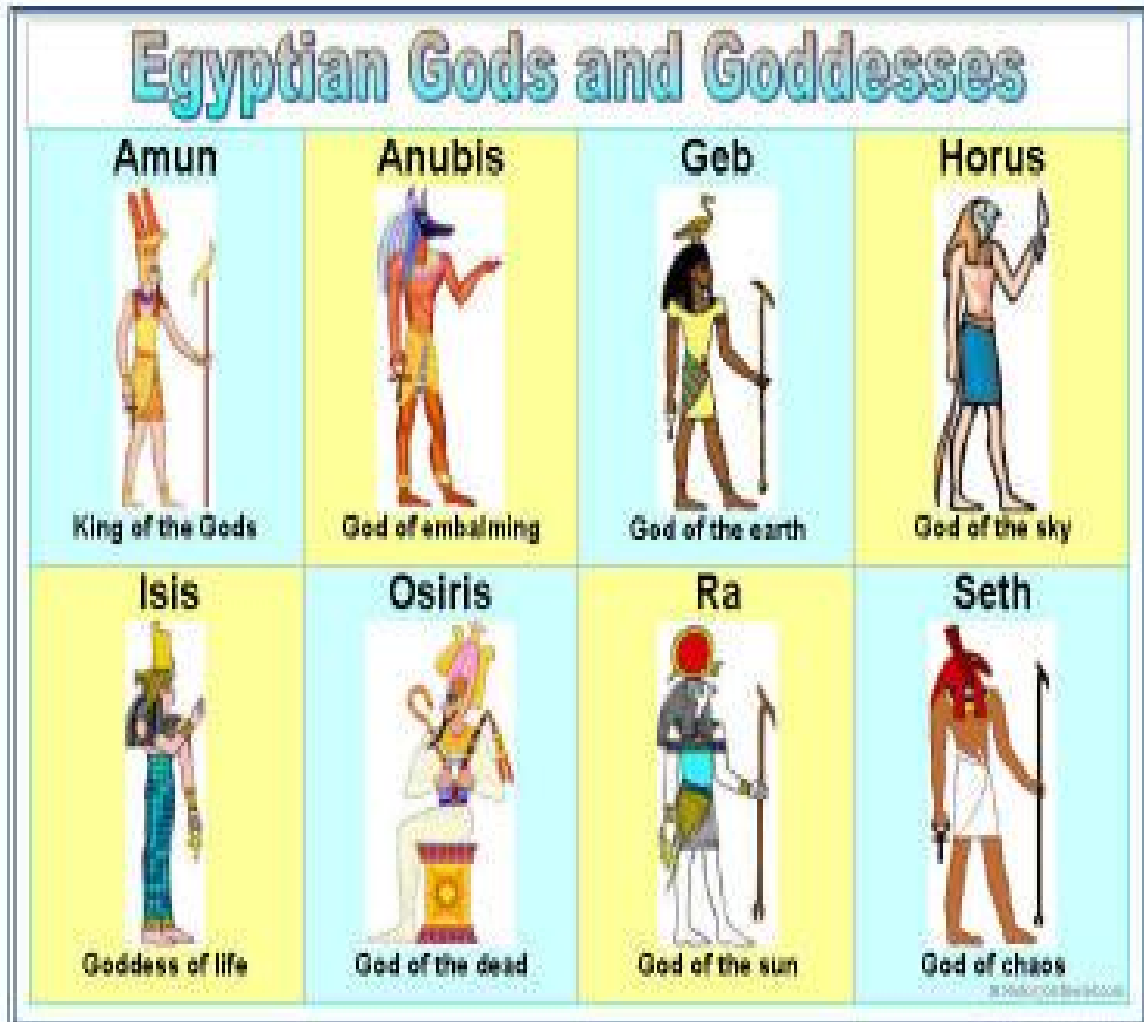

During the time of Moses, Arabs in Israel and Arabs around it worshipped Baal, Molech, Asherah, Asthoreth, Dagon and other images of their gods. They carved stones or wood to look like their gods and worship them. In some cases, they offer their children, food and other things.

And God's instruction to Moses is to smash these sacred stones Arabs made because it is what He detest. The worship of images is what God hates and it is actually sin!

Here are some images of gods which should not be worshipped;

In Egypt, while the Israelites were still slaves, the god of the Egyptians are Ra, Sphinx, Pharaohs themselves and many others.

At this point of time, most Egyptians, Saudi Arabs, Lebanese, Syrians, Iranians, Iraqis and all those who follow Mohammed's Islamic teachings are Muslim converts. Islam has been established 500 years after the time Jesus Christ walked the earth. Indonesians and some Indians, Afghans and Pakistanis adopt Islam also. These Muslims who were formerly idolaters, no longer worship images or idols of wood or stone but their god whom they call Allah is the same Baal! This Baal is Beelzebub or Demon. In short, Allah is Baal and Baal is Satan!

Arab Muslims previously didn't make it right, this time they didn't get it! The only way to know God is Jesus Christ. Are not Christ's Teachings written in the Bible?

Below are some gods of Ancient Rome. Romans had many gods as the Egyptians were and they made images of them. Now the Vatican of Rome changed their gods with statues of Mary, Jesus and Saints like St. Perigrine, St. Lorenzo Ruiz, St. Mary Mackillop, St. Joseph, Sto. Niño, St. Bernadette, Immaculate Concepcion, Lady of Fatima, Lady of Mount Carmel, Lady of Guadalupe, Lady of the Rule, and many other dead people and fairies or demons.

God has made it so clear, He said, "This Jesus Christ is my Son, listen to Him". And Jesus never had said make an image of Him and worship it. Vatican's Pope Benedict XVI, Catholic Bishops, Priests and Nuns had caused people to make for themselves images of Jesus and Mary which look like Leonardo da Vinci and Angelina Jolie! See how these child molesters and bitches do!

Jesus Christ said, "Blessed is he who believes in me even without seeing my face." We are to worship God thru Jesus Christ in spirit, and this does not require a picture or a monument!

And how does God look like? Jesus Christ said, "If you have seen me, you have seen the Father." Therefore, God looks like Jesus! This Hindu bitch, Durga, whose got eight hands and this Hindu bastard, Ganessa, whose got elephant head are but Demons! They are Satan's allies!

Hinduism is the reason why Hindus stink! Hinduism is the reason why Hindus nod sideways! And Hinduism is the reason why Hindus roll their tongues when talking! Hinduism is the way to Satan!

Hindu Gurus, Clerics of Islam, Mormon Elders, Buddhist Monks, Pope Benedict XVI and Company are but rubbish! They deserve to be persecuted for sending your loved ones to hell! They deserve death! Why are we allowing them to send more souls to hell?

Idolatry is the worship of any kind of image and it is sin! You keep sinning and you get to hell for sure!

Repent, therefore, the kingdom of heaven is near!

Jesus Christ is the Way, the Truth and the Life; No one comes to God except thru Him.

Do not be misled by most spiritual leaders, they are but bloody idiots!

Have a nice day.
