

2026

*Pediatric Palliative Care
Webinar Series*

2026 PPC Webinar Series

Registration Opens December 1st

In 2025, we received more than 5,500 registrations from providers, professionals, educators, family members and caregivers who viewed the webinar events - either live or with the recording link - to increase their knowledge base and gain a deeper understanding of pediatric palliative and hospice care.

Hundreds of attendees successfully completed their CE requirements for nursing or social work. More than 100 past webinars were purchased from the PPC Webinar Series Library for training and education.

As the team planned for the topics for 2026, we paid particular attention to the feedback we received from the attendees regarding areas of interest. We thank you for your input and look forward to bringing you what has been requested.

Register individually or as a group for one webinar or the entire series.

Discounts apply for multiple webinars and group registration. For more detailed information on the webinars and presenters, visit www.ppcwebinars.org.
