From Our Friends At The National Hospice and Palliative Care Organization

The National Hospice and Palliative Care Organization (NHPCO) has released the [2024 Pediatric Palliative and Hospice Care Needs Assessment](#)

released the [2024 Pediatric Palliative and Hospice Care Needs Assessment](#).

Check out the information below from NHPCO:

If your organization has cared for at least one pediatric patient during the last four years, please complete the survey.

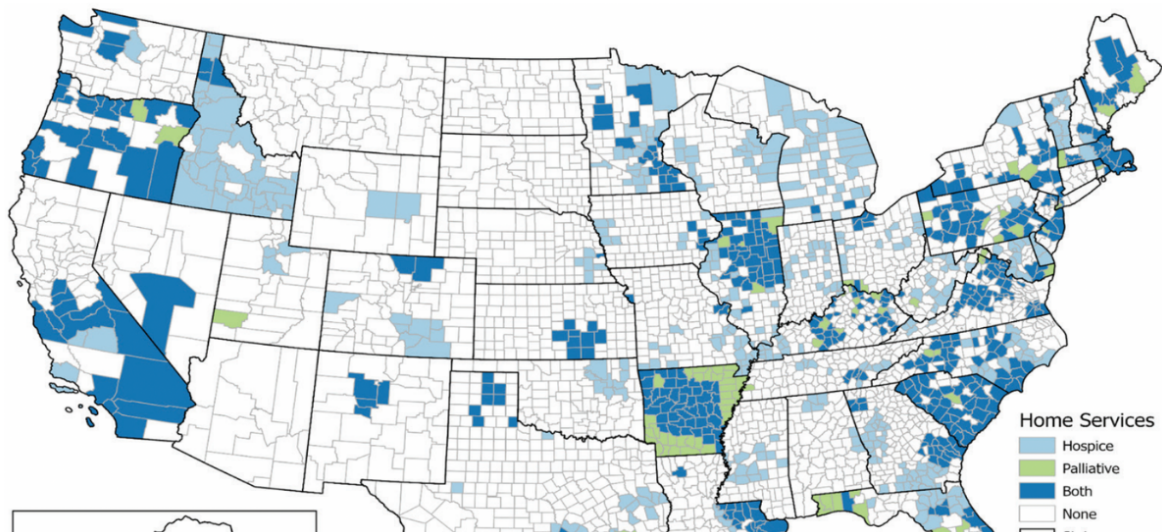

The Needs Assessment is a product of NHPCO's Pediatric Advisory Council and the NHPCO Pediatric Facts and Figures Workgroup with the goal to gain a better understanding of the organizations and providers caring for pediatric patients with serious illnesses throughout the United States. The Needs Assessment will help direct the creation of resources and support advocacy.

Everyone is welcome to respond. You do not need to be an NHPCO member to complete the survey.

While there is no hard deadline for submissions, NHPCO would appreciate it if best attempts were made to submit your organization's answers by May 31st.

Any questions can be directed to the Pediatric Advisory Council at peditrics@nhpc.org.

Counties with pediatrics home services in the United States

Make sure your program is included on this map. Your survey input will help to accurately reflect the pediatric palliative and hospice care landscape across the country.

We invite you to visit our websites, online informational communities where you can find regional and statewide resources, as well as national connections and other pertinent information.
