

01 October 2022

Dear California Pediatric Palliative Care Leaders and Stakeholders,

A coalition is as strong as the community that holds it up. Together, we can do more than we can do alone. Let's bring our abilities and passions together to affect real change that will ensure more children in California have access to high-quality hospice and palliative care. We are writing to invite you to join us virtually to discuss the next steps of the Coalition in rebuilding a sustainable, effective coalition for the future of pediatric palliative care in California.

We will hold three repeat sessions to provide a greater opportunity for participation and active engagement. To facilitate a healthy discussion, we will be limiting each session to 20 participants. Register in advance to attend the meeting of your choice.

Option 1

12 noon to 1 PM, Tuesday, October 18

Option 2

8 AM – 9 AM, Wednesday, November 9

Option 3

5 PM to 6 PM, Thursday, November 10

Please click on the links below to register for the session that best meets your schedule. After registering, you will receive a confirmation email containing information about joining the meeting.

If you are unable to join a discussion session, please email us at info@chpcc.org your thoughts on the following questions:

1. What are the three most pressing challenges in pediatric hospice and palliative care that our coalition can address?
2. What are your personal biggest challenges in providing/receiving/referring to pediatric hospice and palliative care?
3. Are there ways that you would like to be involved in the work of the Coalition? If yes, in what ways?

Questions? Please email us at info@chpcc.org

Not a subscriber? Please email us at info@chpcc.org with your name, area of interest, and contact information.

Thank you for your support in helping to create a state-wide, unified voice to speak out on behalf of those too little or too sick to speak for themselves.

Sincerely,

The CHPCC Steering Committee

Kim Bower, MD, FAAHPM

Debra Lotstein, MD, MPH, FAAP, FAAHPM

Christy Torkildson, PhD, RN, PHN, FPCN

Lori Butterworth, MEd, MA (Advisor)

Sherri Sager, VP LPCH (Advisor)
