

RELAUNCH

of the Northern California Pediatric Palliative Care Collaborative of the Children's Hospice and Palliative Care Coalition of California

Dear Northern California Colleagues,

The newly formed Division of Quality of Life and Pediatric Palliative Care Division at Stanford Medicine Children's Health is excited to invite you to a

Lunch & Learn
Thursday, December 5th
10:00 am - 2:00 pm.

Our hope in creating this event is to bring together providers as we relaunch the Northern California Pediatric Palliative Care Collaborative. We are eager to connect with fellow professionals dedicated to advancing pediatric palliative and hospice care in our region.

As many of us are new to the Bay Area, this meeting presents a valuable opportunity to learn about the remarkable work each of you is doing for our community. Our goal is to enhance and build upon our collaborative efforts to provide comprehensive and compassionate care for children and their families.

To facilitate meaningful discussions and effective collaboration, we kindly request each provider /institution/program prepare 3-4 slides covering the following topics:

A brief overview of your organization/program

- The services you provide and your catchment area
- Key barriers to optimized care and potential for partnerships
- Your hopes and expectations for our future collaborative efforts

Please RSVP with how many people from your program will be attending by October 15, 2024, to confirm your attendance and to receive further details about the meeting.

Additionally, we would love to invite you to a series of events we are hosting here at Stanford.

[Innovations in Pediatric Palliative Care - October 8, 2024](#)

[Jonathan King Lectureship - October 8, 2024](#)

[ELNEC - October 9 & 10, 2024](#)

We look forward to an engaging and productive session together in December as we work together to support our patients and their families...and each other!

Warm regards,

Justin "Chief QoLA" Baker
