

# RaaS

## RECRUITING AS A SERVICE

Similar to an RPO offering, our RaaS solution gives clients access to our team of dedicated staffing professionals for an all-inclusive hourly rate.

Frequent client check-ins with data provided around:

- Candidate pipeline
- Active outreach
- Number of qualified submissions
- Monthly hours remaining

Hours are purchased in buckets of 40 and are good for one calendar year after date of purchase.

We invoice monthly and only for hours used.

No conversion fees when you hire one of our candidates.

We'll provide full life cycle recruiting for as many job openings as you have, and give you access to a custom client portal for job requirement and candidate tracking.

### Full Life Cycle Recruiting:

Job description creation and publishing to 15+ websites

Active candidate sourcing using our plethora of recruiting tools

Candidate screening and interviewing with only qualified candidate submitted for consideration

Client interview coordination

Assistance with candidate offers and new employee onboarding
