Trial Eligibility and ORTs

The ORT Title must be earned at least 14 days before a trial opening date to be eligible for the first draw period.

All odors must be passed in order to earn the ORT title. It is not required that they all be passed at the same test.

Notification

Acknowledgement of entry acceptance/confirmation, will be made by email when entries are processed for those handlers that provide an email address.

Basic Description of the Test

To successfully pass an ORT a dog must identify the location of the target odor, and the handler must correctly call an “alert” within a **two minute 30 second (2:30)** time period. The Odor Recognition Test consists of a drill type exercise which requires 12 closed boxes typically set up in a pattern of two rows, spaced a **minimum of 36” apart**. The ORT is conducted on leash. Complete information can be obtained on the NACSW website. Handlers may test on all 3 odors at the same event.

*All exhibitors should obtain and review a copy of the **NACSW K9 NOSE WORK® RULE BOOK**. You may get it from their website: www.NACSW.net*

No dog will be given more than one space in the same odor test at a single event.

LOCATION DETAILS

ADA Site Specific Conditions

The event will be held at our Dog Training Club "Country K9 Club Ltd" 307 Pony Place Kunkletown PA 18058 Monroe country. It is a rural private location. You will be parking on a grass field no shade. Someone will be there to direct parking. Please bring water, fans & shade equipment for your car. There is ample space to walk your dogs. There is a Porta Potty with outdoor sink. Test site is indoor air-conditioned building. The building has rubber mats. No facility to buy food on site Deli 1 mile away Please bring your lunch.

Due to unforeseen conditions, such as weather or change in availability of areas at the location, these conditions may be modified at the last minute. Please look for volunteers to assist.

Modeled after real-life detection work, NACSW events are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Events frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for physical demands and must be able to navigate the terrain with their dog accordingly. Handlers should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at events. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers should familiarize themselves with potential regional risks and health concerns that may affect themselves or their dogs. Handlers agree that they are entering this event at their own risk.

Due to unforeseen conditions, such as weather or change in availability of areas at the location, the details below may need to be modified at the last minute.

The parking lot will be mostly grass with no shade.

DOG INFORMATION

Dog Policies

- All dogs must always be on a 6' leash when not searching. NO flexi-leashes while not participating in a search.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating search space, interrupting a search, or from viewing any part of the search.
- Handlers should expect to keep their dogs confined in a crate or vehicle when not searching. The logistics of an event typically do not allow for dogs to hang out on leash in between searches. Handlers should plan to provide their own shade using canopies or shade cloths.
- Refer to location details (above) for information on unentered dogs.

Females in Season

Females in season will be allowed to run wearing "pants" at the very end of the day after all other dogs have tested. Handlers with females in season should park and toilet their dogs away from the other dogs if the location logistics permit. Handlers must email the Test Host carol@wyattmail.com so plans can be made for the dog.

Additional guests of handlers are welcome, however spectating opportunities may be limited.

Please verify attendance policies with the Test Host Contact/Secretary before bringing or inviting anyone not volunteering, handling, or officiating.

No dogs will be allowed in the spectator area. No unentered dogs with spectators are allowed at the event.
An adult accompanying a minor must be present during the searches.
Everyone at the site must sign the waiver provided by the host and comply with all event requirements.
Handlers are not allowed to watch the searches at any time.

Videotaping and Photography

If the site allows public video to be taken, handlers may wear visible head or chest cameras to record their searches. You will not be allowed extra time at the start line to get your camera functioning. Please be sure it is ready to go prior to arriving at the search area. At ORTs, handlers may bring a spectator to video or photograph their searches. Videos may not be made public until completion of the event day
Details will be available at check in.
