About

“Education is the most powerful tool which one can use to change the world”. Keeping it in mind, we came with a unique concept of such an educational institute: - **SLS Tutorials - A Vision to Prove Excellence**. SLS stands for **Skills, Learning & Solutions**. Skills of developing creative thinking among students; learning involves step by step process in which a student experiences permanent, lasting changes in knowledge, their behaviour and ways of processing the world and hence offering educational solutions to students. **SLS** came into existence in **2014** with a prime aim to delivering quality education to society. What we do today is preparing today’s students for successful careers in future. Our motto is to imparting quality in education along with providing knowledge and guidance; creating such an environment that not only guides students to the path of success but also inspires them to recognize and explore their own potential. Within a short time span of **3** years, **SLS** has been successful in achieving its goal to maintain quality in education and provide satisfaction to each and every student as well as their parents.

We are able to get success in our aim upto a good extent in this short time period because of our unmatched team spirit; our highly qualified, experienced and dedicated faculty members. Our faculty members put their head and heart and give their best in order to enables our students to score maximum and to get good results in various exams held by **CBSE & STATE BOARD** every year since our founding year. Our success is measured by the success of our students achieved in getting good results and the satisfaction level of parents.

Environment:

SLS Tutorials offers a safe, healthy and pleasant study environment to the students in well ventilated, spacious and hygienic classrooms. We provide highly disciplined, encouraging and motivating environment which enables our students to face all sorts of competitive exams in their coming bright future. To foster the learning skills of the students, we offered various facilities to students like new learning model (e-learning) and creative teaching methodology which tried to capture student’s attention in classroom and allow them to focus is proving beneficial for the students. We are well known for providing effective, highly conducive and stress free learning

environment to students where they can ask questions- good questions without any hesitation because of comfortable friendly relations between teachers and students. We tried to join classroom teaching to the real life connected community which is very crucial for learning process to work.

What Differentiate SLS from others:-

We believe that education is the key to success in life and teachers make a lasting impact in the lives of their students. Our vision is to prove Excellence in education.

Key features contributing toward success of our goal are:-

- ▶ Provide highly competitive, disciplined, congenial and conducive study environment.
- ▶ Well experienced, competent, committed, highly qualified and dedicated faculty members (having minimum qualification of Masters in their subjects and above).
- ▶ Consider students on the basis of their previous year percentage and oral test.
- ▶ Prime focus on clarity of Basic Concepts of each subject.
- ▶ Provide high quality study material by faculty members.
- ▶ Provide safe and secure environment especially for girls by **CCTV** surveillance.
- ▶ Special guidance on Time management during exams.
- ▶ Motivational and inspirational lectures on career building twice in a month.
- ▶ The number of students per batch has been kept limited to ensure Effective Teacher-Student Interaction.
- ▶ Special emphasis is given to the weak students in order to enhance their academic performance.
- ▶ Regular topic-wise Tests thrice in a week for classes (11Th, 12Th) and for classes (8th, 9th & 10th) and its evaluation.
- ▶ In order to remove the real exam fear in students Mock tests are conducted.
- ▶ Results of weekly tests are displayed on the Notice Board.
- ▶ Students are provided with weekly test report to get their parents signed in.
- ▶ No time binding for students to discuss topic related problems with teachers other than in classrooms.
- ▶ Write daily tasks on the board at the beginning of each lesson as well as any test dates on the notice board that students can see regularly.
- ▶ Regular feedback from the students regarding their level of satisfaction by their concerned teachers.
- ▶ Practice Notebook is maintained on daily basis by students up to class 10th to increase their hold in Mathematics and Science.
- ▶ Parent-Teachers Meeting (PTM) is conducted once in a month (Last Sunday of every month) to communicate with the parents wherein parents are updated regarding the performance of their wards as well as information regarding introduction of new academics changes provided to them.
- ▶ Students can give their valuable suggestions and put their complaints facing regarding their study problems in Suggestion/complaints Box.
