

# Safety instructions

## Life jackets

In the case of an emergency, please pick up your life jacket that you will find in your wardrobe, put them on and follow the crew instructions.

# Safety instructions (*continued*)

## **Life boats**

We have 1 lifeboat onboard which is used for man overboard emergencies only. The crew have been trained to assist passengers ashore in an emergency situation.

# Safety instructions (*continued*)

## **Slippery areas**

Please be aware that most stairs and decks can be slippery, so please be careful

## **Smoking**

Please be aware that this is a non smoking ship and please take into regards that no open flames are allowed in the cabins and please do not place any clothes over the lamps. Smoking is permitted on the sundeck.

# Safety instructions (*continued*)

## **Safety**

Our crew are aware of your safety at all times and are trained with any emergency that should arise in any situation.

## **Emergency exits**

Please be aware of all emergency exits that are located throughout the ship.

***Please read your safety regulations that are located in your cabin behind the entrance door.***
