

SMID

— SARA MANN INTERIOR DESIGN —

PRIOR PROJECT EXPERIENCE

Luxury Hospitality, High-Rise Residential, Restaurant & Workspace

Design & project credit: Andres Escobar & Associates (now Lemay | id)

Cross-Industry Design Background

Sara Mann's independent SMID practice is built on a career foundation spanning premium residential, hospitality, and aerospace sectors - cross-industry experience that shapes a market-ready, execution-driven approach to design.

Andres Escobar & Associates

NOW LEMAY | ID

High-rise, hospitality & residential design support - from concept and site surveys through FF&E sourcing and design-development documentation. Managed high-end material specification and logistics for luxury hotels, resorts and residential towers; coordinated clients and marketing.

Bombardier Aerospace

PRIVATE JET INTERIORS

Interior design and project management for Challenger 350/650 and Global 6500/7500 business jets — cabin, galley and lavatory concepts, high-value account management, feasibility and budget review, technical specification, and supplier coordination through client delivery.

SIGNATURE PROJECT CREDITS

Luxury Hospitality · Resort · Premium Managed Rentals

Trusted Across the Project Table

"

Sara approaches design as a discipline rooted in curiosity, empathy and responsibility, building genuine trust with every client and partner.

DMEX CONSTRUCTION

"

Her strong grasp of budgets kept projects on schedule, and her ability to guide condo boards to consensus consistently stood out.

MODERN RENO PLUS

"

A highly professional, trusted client advocate who raises concerns early and respectfully, recommended without hesitation.

CITYSITES PROPERTY MANAGEMENT

SMID

Where Design Vision Meets Project Discipline

Open to project opportunities in Luxury Hospitality & Strategic Interiors - partnering with developers, master builders, and design-build teams on ground-up and repositioning projects.
