"K" LINE Group Exhibits at Wind Expo 2025

"K" LINE Group will participate in Wind Expo 2025 to be held from February 19<sup>th</sup> to February 21st at Tokyo Big Sight.

Co-operating with overseas partners who already have track records and know-how around offshore wind, "K LINE Group has been pursuing the best and creative solutions to the development of offshore wind supply chain in Japan and enhancing our capabilities to support such development.

As the first step, in September 2024, we have established a joint venture company, "EK Geotechnical Survey LLC" to service the offshore marine geo-survey sector with Japanese flagged geotechnical survey vessel "EK HAYATE". \*

"K" LINE, "K" Line Kinkai, "K" Line Wind Service, "K" Line Logistics and Daito Corporation will present their activities with ship models and movies at the booth. You are always welcome at our booth and for the seminar. Please visit us!

\* Released on October 3<sup>rd</sup>, 2024:

Establishment of a Joint Venture for Offshore Geo-Survey

-Delivery of geo-survey vessel "EK HAYATE" to Japan-
