

Booking Made Simple for Travel Professionals

You spend your days caring for others — now, finding a place that cares for you is the easiest part.

At MPS-Revive, we know your time between assignments is limited — rest shouldn't be. That's why our booking process is designed to be fast, transparent, and stress-free.

Here's how it works:

1. Request Your Stay

Submit a simple booking request with your preferred dates and bedroom selection.

2. Complete Screening

For monthly stays, complete a quick Innago application (includes credit, criminal, and eviction checks).

3. Confirm & Sign

Once approved, you'll receive your digital lease agreement — no paperwork hassle.

4. Check In & Settle In

Enjoy your private, fully furnished bedroom with shared access to the home's peaceful living spaces.
