

SENIOR LEADER STRATEGIC LEADERSHIP DEVELOPMENT PROGRAMME

COURSE INFORMATION

The aim of this course is to develop knowledge and understanding of the role of 'Strategy' in planning for operations, including the principles of strategic position, strategic planning and strategic implementation.

Participants will understand the importance of creating a strategic leadership agenda and how to create and implement it effectively. Participants will also understand the importance of corporate governance, critical thinking, the processes involved and the importance of effective decision making.

AUDIENCE

This course has been developed for strategic leaders in organisations, whose role involves overseeing investigations into serious crime.

COURSE LENGTH AND DELIVERY METHODS

This course can be tailored to the needs of the organisation but is normally delivered between three and five days.

It can be delivered virtually or in-person.

COURSE OBJECTIVES

By the end of this course, participants will be able to:

- Identify and understand potential threats, risks and vulnerabilities of their organisation.
- Understand the importance of and how to use a strategic decision-making model.
- Understand the importance of leading change, effective communication, team working and interoperability.
