Practical Life - Grace & Courtesy	Books about good manners and social skills	Book: Grace and Courtesy: A Picture Guide for Children and Adults. Reminders such as "I walk with careful feet" and "I treat materials gently" help create a harmonious and peaceful classroom. The convenient, easel-style format makes it easy to change the pictures and display them on a table or shelf as a visual reminder.		X		
Practical Life - Grace & Courtesy	Books about good manners and social skills	Book: Manners by Aliko. Playful vignettes cover all the essentials: please and sorry, greetings, interrupting, table manners, answering the telephone, and so much more. The illustrations show children how to behave — and how not to behave! Paperback, 32 pages. Ages 5+.		X		
Practical Life - Grace & Courtesy	Books about good manners and social skills	Book: 365 Manners Kids Should Know. This book is for primary and older (elementary age is perfect). Its designed to have one of the 365 chapters read aloud (2-3 minutes) to the children per day for a year.		X	Optional for primary	
Practical Life - Grace & Courtesy	Books about good manners and social skills	Most People Illustrated with delightful drawings of young and old, from all walks of life, this charming, uplifting book sends a simple, important message that even in turbulent times, most people are good. A great catalyst for discussions about helping and being kind. Paperback, 36		X		
Practical Life - Peace Education	Primary to Elementary Peace Area	For primary - elementary, the peace area is set up for: 1. Self calming literature which covers emotion identification, social relationships, etc. Self soothing objects like finger labyrinths and sand timers(not to be used in a "time out" fashion). 2. Conflict resolution materials including an object that can be handed from student to another at the end of a conflict resolution session such as a peace rose. The primary peace area should be a table with two chairs for the two belligerents for conflict resolution sessions typically mediated by a teacher.		X	Elementary

Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Practical Life - Peace Education	Mindfulness - Deep Breathing	Deep breathing is done similarly to the silence game but students are asked to focus on their breathing (eyes closed optional) to help calm emotions and decrease anxiety. Discussion afterwards allows children to share their experiences. This is an introduction to guided meditation.	Guided exercises are easily found in Youtube.	X	Opt for toddler	
Practical Life - Peace Education	Mindfulness - Guided Meditation	Guided meditation done at line time can be done with the aid of many audio tracks from Youtube and other websites (search "Guided Meditation"). 1-3 minutes for primary, 3-10 minutes for elementary. Start with a short amount of time and gradually increase the length. Discussion afterwards allows children to share their experiences.	Guided exercises are easily found in Youtube.	X		
Practical Life - Peace Education	Yoga Position Cards	Try partner poses or choose a fun group game, such as "Yoga Pretzels." The companion booklet helps any adult design a safe and fun practice for children. Includes booklet, 50 cards with rounded corners on varnished cardstock, and a durable storage box. Ages 4+.		X		
Practical Life - Peace Education	Yoga Poses Cards	Printable. 30 half page cards showing photos of adults in various yoga poses.			X	
Practical Life - Peace Education	Self Calming - Emotional Knowledge	This book can be read to a child that is upset or at line time to everyone. Written by Montessorian Aline Wolf, this title reminds children to share peace with others. "I offer you peace. I offer you love. I offer you friendship...". Spiral-bound paperback, 20 pages. .		X		
Practical Life - Peace Education	Self Calming - Emotional Knowledge	The Peace Rose (R08, shorter, good for toddlers) and Our Peaceful Classroom (R50, longer, better for primary+ age level) to enhance your classroom library.		X		

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Practical Life - Peace Education	Self Calming - Emotional Knowledge	"How are you feeling?" Learning to express emotions and interpret cues from others is a complicated process that must be learned. Each 2-4 page section discusses a different aspect such as talking about feelings, changing feelings, making choices, or helping others with their feelings. Includes "notes for grown-ups" Hardcover, 32 pages. Ages 2-6.		X		
Practical Life - Peace Education	Self Calming - Emotional Knowledge	A Little Book of Peace Each page gives a different example of peace — from a lotus flower to a sleeping infant. The simple, gentle words are paired with soothing illustrations. Paperback, 36 pages. Ages 2 - 6.		X		
Practical Life - Peace Education	Peace Table for conflict resolution (note: this is different from the safe space)	White plastic rose for students to optionally hold when they are speaking during a conflict resolution session.		X	Opt for toddler	
Practical Life - Peace Education	Peace Area Self Calming Materials	Peace dove pocket labyrinth		X		
Practical Life - Peace Education	Peace Area Self Calming Materials	Small finger labyrinth for tactile stimulation at the peace table			X	
Practical Life - Peace Education	Peace Area Self Calming Materials	The ancient seven-circuit Cretan or Classical design has been found in most cultures and was once used on Cretan coins. This personal "finger labyrinth" is perfect for a quiet space or peace table. Cast in a resin-based material. From Ireland. 7¼" in diameter x ½" high. A labyrinth, unlike a maze, has only one path.		X

Practical Life - Peace Education	Japanese Sand Garden	Set consists of a wood-framed tray (12" x 7½"), 2 wood/bamboo rakes, sand, stones, and a booklet of meditations. Children under 5 may need supervision. We suggest that you fill the tray half-full with sand. This will help keep the sand in the tray. Reserve the rest to refill as needed. Replacement Sand (C536) sold separately. In Japan, Zen Buddhists rake sand in stone gardens as a meditative act. After seeing a careful demonstration, children can rake a pattern in the fine sand and select a place for each stone. The simplicity of this experience is powerful yet calming. A wonderful addition to a quiet corner.		X	Opt for primary	
Practical Life - Care of Self	Grasping	Set of Grasping Bowls (can also be used for general use for older age levels). Should be fairly heavy and non slip bottom to not tip over. 6"-12" diameter mixing bowl size. Can have atleast 4 different bowls made of different materials to rotate each month.		X		
Practical Life - Care of Self	Grasping transfer	2 bowls, can be same as grasping bowls. Left bowl is the solid filler (corn, rice, beans, etc.), right bowl is empty. Assorted trays		X	Opt for primary	
Practical Life - Care of Self	Pouring Overview	Progression of pouring activities for liquid and solids. Container variables include: 1. Weight: heavy (hard), light (easy) 2. Handle: handle (hard), no handle (easy) 3. Clarity: transparent (easy), opaque (hard) 4. Pouring material: liquid (hard), solids (easy) 5. Advanced Pouring: Funnels and narrow openings, tea set. 6. Primary age level should have the more difficult pouring work only.	8 combinations via 3 variables ($2^3=8$) Combo #1: light, no handle, transparent Combo #2: light, no handle, opaque Combo #3: light, handle, transparent Combo #4: light, handle, opaque Combo #5: heavy, no handle, transparent Combo #6: heavy, no handle, opaque Combo #7: heavy, handle, transparent Combo #8: heavy, handle, opaque	X		
Practical Life - Care of Self	Pouring and Grasping Dry Fillers	Assortment of solid filler materials for grasping and dry pouring activities. 1. Rice 2. Popcorn 3. Various beans 4. Sand, pebbles, other natural materials 5. Synthetic materials related to monthly theme.		X

Visual Arts - Art History	Overview of Art Styles	Pablo Picasso - Revised This revised version includes the following new features: A timeline of the artist's life, A map highlighting important places in the artist's life, A fun quiz that provides more historical information and tests the child's knowledge, A glossary and an index		X		
Visual Arts - Art History	Overview of Art Styles	Frida Kahlo - Revised This revised version includes the following new features: A timeline of the artist's life, A map highlighting important places in the artist's life, A fun quiz that provides more historical information and tests, child's knowledge, A glossary and an index		X		
Visual Arts - Art History	Overview of Art Styles	No One Saw This accessible introduction to 16 modern artists and their signature paintings shows children how every person's artwork (including the child's own!) expresses a unique way of seeing the world.		X		
Movement - Gross Motor	Cloth tape for line time, sweeping into box, etc.	Use this exact cloth tape (not painter tape or any other type) since it is easily removed and does not damage the floor or carpet. Tape should never be left on the same spot for more than a few months to avoid it getting stuck in a carpet or rug. Gross motor games can be made up using tape on the floor - mark the ellipse or circle on the floor for Walking on the Line, color-code parts of an exercise, repair or color-code book spines. 3/4" x 15 yards.		X		
Movement - Gross Motor	Walking on the Line	Search Spotify and Youtube for music that is good for walking on the line. Walking music should have a tempo that isolates the essence of each locomotor movement in sequence; marching, running, galloping, skipping, and processional walking.		X		
Movement - Gross Motor	Objects to climb over or on	Various objects to climb on, often done out on the playground.		X		

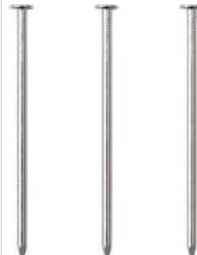

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Movement - Gross Motor	Trampoline	Trampoline must have a handle for toddlers to hold. Can be put outside permanently in a covered area.		X	Opt for primary	
Movement - Gross Motor	Carrying and pushing heavy objects	Can be used outdoors or during aftercare indoors. Set includes 3 kettlebells at 5, 10, and 15 pounds. Made of durable vinyl and filled with cement, will not get rusty. 5-Pound Kettlebell: 5" x 8.5"; 10-Pound Kettlebell: 6.5" x 9.5"; 15-Pound Kettlebell: 7" x 11"		X		
Movement - Gross Motor	Mindfulness - Walking on the Line	Children walk around a marked line or shape, paying attention to their balance and the feeling of placing their feet (sock footed optional). Peaceful music for mindfulness can be played. As a separate activity, more upbeat music to practice galloping, jumping, etc.		X		
Movement - Gross Motor	Mindfulness - The Silence Game	The Silence Game is typically done with the entire class at line time. Ring a bell/chime (optional) and the class becomes silent to focus on their surroundings and a 1-3 minute timer is used. The students then discuss what they heard and experienced. Toddler do one minute or less.		X		
Movement - Fine Motor	Bead stringing	2 laces, 106 beads in storage jar with handle		X		
Movement - Fine Motor	Threading	Threading work with the board and thread attached. Thread should have a solid end for ease of use.		X		

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mont Theme
Movement - Fine Motor	Opening and closing containers	Various containers from household products. Adjust difficulty by age level.		X		
Movement - Fine Motor	Dinosaurs Puzzle	The puzzle pieces have beautiful watercolor illustrations of 5 dinosaurs. Remove the puzzle piece to reveal the skeleton on the base of the puzzle. This material is made of buttery white maple and measures 14x6". This material is available to be made with or without knobs to adjust the fine motor skill difficulty based on your child's age and developmental level.		X		Dinosaurs
Movement - Fine Motor	Double sided self-correcting bird beak adaptations puzzle	As your child matches all 16 pieces together, he/she will learn about bird beaks and their shape and how it relates to what each bird eats. Each beak can only be matched with one other food piece, so it teaches kids to learn by mistakes.		X	Opt for Pri	Birds
Movement - Fine Motor	Bird Nesting Matching Puzzle	Our children’s wooden bird nest puzzle is a great way to build memory and learn about some fascinating birds and their habitats. Every nest is an architectural marvel, and we’re featuring 8 birds and their unique nests for your child to match		X	Opt for Pri	Birds
Movement - Woodworking Use of Tools	Program Overview	One wood working area can be shared by many classrooms for primary - upper elementary elementary. Electronic power tools (except for the electric screw driver) are not to be used.		X		
Movement - Woodworking Use of Tools	3 Part Cards - Tools Nomenclature	Laminated card set in a three part card tray. This is the first activity that each child should complete in the wood working area. The cards are photos of the actual tools they are using, not stock photos.		X

Movement - Woodworking Use of Tools	Measuring and Cutting Craft Woods (Balsa, Basswood)	40PCS Basswood Carving Blocks, 6x1x1 inch Unfinished Wood Blocks for Crafts, Unfinished Wood Squares Wooden Blocks for Arts and Crafts		X		
Movement - Woodworking Use of Tools	Measuring and Cutting Craft Woods (Balsa, Basswood)	Two woodworking vices. Should have smooth grip surface to not damage wood. Undermount on side of table works best for cutting long pieces of wood. Grind down the corners and paint so they are not sharp and hurt a child who falls into the vice. Groz Portable Woodworking Vise, 6-Inch, Clamp on or Bolt to Bench, Cast Iron with "Toe-in" Feature (39006)		X		
Movement - Woodworking Use of Tools	Measuring and Cutting Softwoods	Japanese stiff pullsaw, leather gloves, vice (not clamps!), carpenters square, pencil. Students use the carpenters square to measure and mark every 1/2 inch of length on the wood with small marks. Students then use the square to draw perpendicularly across the wood with the square for each 1/2" mark. Students can put the wood in the wood vice and cut off the pieces of the wood in the measured and marked increments. This activity is for softwoods like pine (difficult) in pieces no larger than 2" x 4".		X		
Movement - Woodworking Use of Tools	Measuring and Cutting Softwoods	Japanese stiff pull saw. Band saws that require pushing are more difficult. Okada Hardware Mfg Dozuki mini panel saw 150 (Dozuki H-150) (Japan import)		X		
Movement - Woodworking Use of Tools	Measuring and cutting softwood	THORVALD 6-in-1 Carpenter Square 7 inch (1/16" Precision) T Square Multi-Purpose Carpenter Tools : Wrench, Square, Protractor, Ruler, Marking Gauge, Drill Gauge, Includes 2-in-1 Carpentry Pencil		X

Sensorial - Visual	Sequence of Sorting activities (by size, color, shape, etc.)	Visual Discrimination: Size. This set of cards provides real pictures for students with which to categorize things in a logical manner as they develop visual discrimination of size. The set provides 10 sets of pictures with each set containing objects in various sizes ranging from large to medium to small.		X	
Sensorial - Visual	Sequence of Sorting activities (by size, color, shape, etc.)	Visual Discrimination: Rough & Smooth Sorting 2 Durable, waterproof labels 6 Rough items to sort 6 Smooth items to sort Basket		X	
Sensorial - Visual	Sequence of Sorting activities (by size, color, shape, etc.)	Visual Discrimination: Facial Expressions Categorize things in a logical manner as they develop visual discrimination of facial expressions. Diverse types of models. An African American woman, a Caucasian man, and a child. The set provides a total of 45 matching picture cards for a total of 90 cards: 9 sets of pictures of facial expressions from a woman, 18 pictures of		X	
Sensorial - Visual	Sequence of Sorting activities (by size, color, shape, etc.)	Solid, Liquid, Gas Sorting Jars. 3 Durable, waterproof labels 9 wide-mouth glass jars with water-tight, screw-on, metal lids (2 1/4" base x 2 3/4"): 3 "solid" jars (with items to sort); 3 "gas" jars (empty); 3 "liquid" jars (to be filled with liquids) Large Plastic Tray (T550)		X	
Sensorial - Visual	Color Mixing	Color Mixing Activity: Large Plastic Tray (T550) 3 Glass Eye Droppers (J72) 3 Clear Glass Bottles (J82) 4 Glass Bowls (G300) Tiny Salt Spoon (G53) Food Coloring Glass Bowl (G304) Sponge		X	
Sensorial - Visual	Color Book Set	The Color Book Set can be placed with the color mixing activity or read on its own.		X	

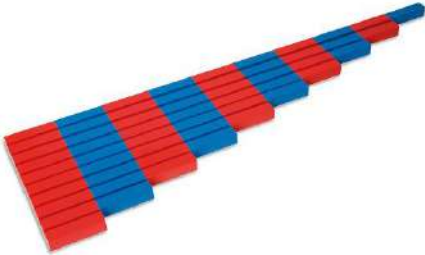

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Sensorial - Visual	Geo Boards	Birch Geo Board		X		
Sensorial - Visual	Pattern Blocks	Pattern blocks. Significant teacher discretion allowed here, many different "non-Montessori" materials can be used to satisfy this activity requirement.		X		
Sensorial - Visual	Wooden Tangram Puzzle	Shape and pattern recognition skills are developed and creativity inspired. Thick (3/4") wooden pieces are easy for small fingers to remove from the tray and manipulate. Includes 16-page booklet with 90 puzzles and solutions. 7 1/2" square. Ages 4+.		X		
Sensorial - Visual	Parts of the Face	Aimed at building vocabulary, recognizing sight words, and enhancing matching skills. The kit contains five different faces offering a multicultural perspective. Each face group comes labeled and unlabeled. A control chart is included for each group along with all the movable pieces you will need to create the finished face.		X		
Sensorial - Visual	Number pegs	This is an introduction to math but it has visual discrimination and fine motor value as well. 10 rubberwood boards with 55 wooden pegs and storage bag. Toddler can put out the first 3 or 5 only to make it easier.		X		
Sensorial - Auditory	Music	Our school is an In School Provider of the national Music Together program where our students get 30 minutes of music class per week. The program has an App that can be used to play the songs that the students are singing for each semester. These can be played at line time, nap time, etc.		X		

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Monthly Theme
Sensorial - Auditory	Simple sound matching (4 Pairs)	The Sound Boxes develop auditory discrimination through exercises in pairing and grading a series of sounds. This item consists of two sets of 6 sealed wooden cylinders graded from very soft to loud that contain materials that make a distinctive sound when shaken.		X		
Sensorial - Auditory	Music box	There are 7 different versions of this work. You can place up to three in a basket at a time and they can be rotated monthly.		X		
Sensorial - Auditory	Music Instruments Overview	Infants and toddlers can use any type of single tone or percussion instrument (egg shakers, tamborine, drums, etc.) and a wide variety of them should be made available. It is also smart to have a set of certain instruments such as egg shakers so that each child can have one during line time songs. Multi tone instruments should be only for toddlers and as simple as possible - e.g. a 3 tones xylophone.		X		
Sensorial - Auditory	Music Basket	Variety pack of single tone musical instruments plus one multitone instrument that may not be age appropriate except for the oldest toddlers..		X		
Sensorial - Auditory	Drum	This drum can be presented without the mallets if the noise its too loud. Floor Tom Drum for Kids 10 inch Percussion Instrument Music Drum with 2 Mallets		X		
Sensorial - Auditory	Shaker Eggs	While the toddler environments have a set of wood printed egg shakers for Music Together time once per week, these are to be set out for the entire Farm monthly theme where the children have free access to them throughout the month. Size: 1.6" wide x 2.35" tall, as big as a normal egg		X		

Montessori School of Fort Myers					
Area	Activity	Description	Photo	Required	Optional
Sensorial - Auditory	Multi Tone Instrument				X
Sensorial - Auditory	Multi Tone Instrument	Multi tone instruments are generally not appropriate for toddlers. That said, a few very simple multitone instruments is acceptable for the oldest toddlers to experiment with. Can also be used by the teacher to draw attention in place of a bell to get the class's attention.			X
Sensorial - Auditory	Bell Material w/ mallet and damper	Our school chooses not to offer the bells materials since they need a large space, cost ~\$2,000 for the bells cabinet and all ancillary materials, and they rarely get used in practice. Our school offers other ways to musically enrich students and avoids this activity.			X
Sensorial - Auditory	Songs of Various Musical Styles	Staff are advised to make the following playlists on Spotify: 1. Music without words can be played during the work period (classical, jazz, blues, ambient, etc.). 2. Music with words can be played one song at a time when introducing the children to music history.	Music with words recommendations: Bob Dylan (folk), Bob Marley (reggae), John Denver (country), Frank Sinatra (big band), the Beatles (rock).		X
Sensorial - Auditory	Instruments for Elementary Students	If a music specialist is available, a number of instruments should be made available to the students during music class. Some may be left in the regular classroom depending on difficulty and student independence level.			X
Sensorial - Tactile	Texture board	12 colors and textures to match. Choose a counter and find the same surface covering on the board! Use blindfolds for an extra challenge.		X	

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Sensorial - Tactile	Rough and smooth boards	This is optional for toddler (only age appropriate for the oldest toddlers). The first board introduces the contrast of rough and smooth. The second board helps to coordinate finger movement and builds dexterity. The third board introduces gradations of texture from fine to coarse.		X	Opt for tod	
Sensorial - Tactile	Rough Gradation Tablets (Touch Tablets)	Rough Gradation Tablets. 5 pairs of varying grades of sandpaper mounted on solid beechwood tablets 12 x 9 cm. Includes a box for storage.		X	Opt for tod	
Sensorial - Tactile	Fabric matching (Touch Fabrics)	Fabric Box. Through touch, the child pairs the fabrics according to varying textures. Includes: fabrics in cotton, wool, jute, silk, leather and synthetic material and a beechwood box with lid.		X		
Sensorial - Tactile	Baric Tablets (set of three boxes of different colored wood tablets)	Baric (weight) Tablets. While blindfolded, the child endeavors to discern the weight of the tablets. Error is controlled by the color of the wooden tablets, the lightest color being the lightest weight to the darkest color being the heaviest weight. The set consists of 3 boxes containing 10 each of light, medium and heavy weight tablets.		X		
Sensorial - Tactile	Pressure Cylinders (baric cylinders discontinued)	Pressure Cylinders (baric cylinders discontinued). The Pressure Cylinders provide experiences in pairing and grading degrees of pressure. By pressing the spring-loaded plungers, the child senses the difference in resistance pressure.		X		
Sensorial - Tactile	10 Weights In Wooden Storage Block	10 Weights In Wooden Storage Block. 10 weights for use with the Small Wooden Scale (9.129.00) and other classroom activities. This can be used with the Measurement in Early Childhood ETC activity.		X		

Montessori School of Fort Myers					
Area	Activity	Description	Photo	Required	Optional
Sensorial - Tactile	Small Wooden Scale	Small Wooden Scale. This scale is specially designed for young children as an initial introduction to the concepts of weight and balance. Weights are ordered separately (9.124.00). This can be used with the Measurement in Early Childhood ETC activity.		X	
Sensorial - Tactile	Thermic Tablets	Thermic Tablets. Discriminate thermic qualities - felt, wood, steel, cork, glass and marble. Note that we do not do the thermic bottles anymore as they require too much preparation, are not practical, and never get used.		X	
Sensorial - Smell	Smelling Bottles	Smelling Bottles. These bottles are opaque and can have control of error nailpolish dots on the bottom. Note that these need to be refreshed on a weekly basis while out on the shelf, add this tasks to opener or closer checklist. Essential oils are ok but real items are best (stick of cinnamon, garlic clove, etc.)		X	
Sensorial - Smell	Blindfolds	Can be used with smelling, tasting, mystery bags and more. These Blindfolds have a comfortable opening for the nose and a Velcro™ fastener so the child may put it on without assistance. Includes a red, orange, green and blue blindfold.		X	
Sensorial - Taste	Tasting exercise	Tasting Exercise. Teacher to add sweet (sugar water), sour (herbal blend available for online shops), bitter (herbal blend available for online shops), and salty (salt water). Put out some type of tasting disposable items such as popsicle sticks or strips of paper for tasting.		X	
Sensorial - Taste	Tasting exercise	Bitter Liquid		X	

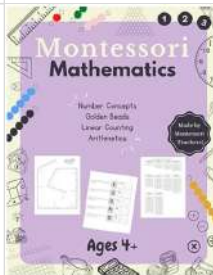

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Sensorial - Taste	Tasting exercise	Sour (tart) Liquid		X		
Math - Number Sense & Counting	Red and Blue Rods (Number Rods and Numerals)	Number Rods. The Number Rods introduce the child to quantity 1–10 and their corresponding number names. Through exploration with the material, the child also develops concepts in sequence of number, combinations of 10 and basic arithmetic. 10 equal steps from 10 cm to 1 meter.		X		
Math - Number Sense & Counting	Number Rods Activity Set	Number Rods Activity Set Additional exercises for use with the Number Rods. Includes: exercise cards, divider tabs and a wooden box for storage.		X		
Math - Number Sense & Counting	Red Rod Verticle Stand	Optional, efficient use of space		X		
Math - Number Sense & Counting	Printed Numerals: US Version	The Printed Numerals (different than the sandpaper numerals) are used with the Number Rods to associate quantity and symbol 1–10. The numerals are printed in red on wooden tablets.		X		
Math - Number Sense & Counting	Sandpaper Numerals: 1-10	Sandpaper Numerals & Box The Sandpaper Numerals introduce the child to symbols 0–9 and their corresponding number names. By tracing the numerals in the style and direction in which they are written, the child is preparing for writing numbers. The 10 rough sandpaper numerals are mounted on smooth green boards.		X		

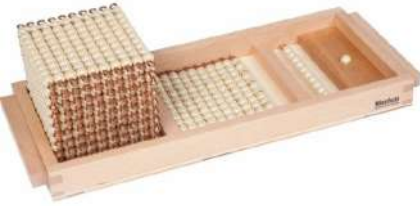

Montessori School of Fort Myers

Math - Number Sense & Counting	Cut-Out Numerals / Printed Numerals Box	Cut-Out Numerals / Printed Numerals Box Two boxes are needed, one for the printed numerals for use with the number rods and one for use with the sandpaper numerals.		X		
Math - Number Sense & Counting	Spindle Box/Rods	The Spindle Box provides practice in associating quantity and symbol for the numbers 0–9. 45 loose wooden spindles are included.		X		
Math - Number Sense & Counting	Cut-out Numerals and Counters	Cut-Out Numerals & Counters: US Version In the final stage of number work 1-10, the child applies its skills in associating quantity and symbol by identifying and placing the numerals in their proper sequence and then associating the corresponding quantity of counters beneath them.		X	X	
Math - Number Sense & Counting	Cut-Out Numerals And Counters Activity Set	Cut-Out Numerals And Counters Activity Set. Additional exercises for use with the Cut-Out Numerals And Counters. Includes: exercise cards, divider tabs and a wooden box for storage.		X	X	
Math - Number Sense & Counting	Basic "Count 1-10" Items	Apple tree counting set		X		

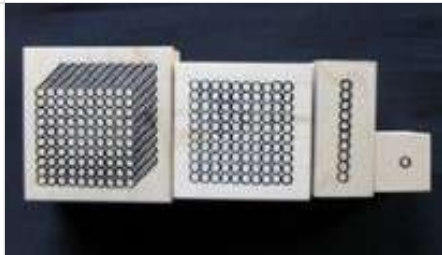

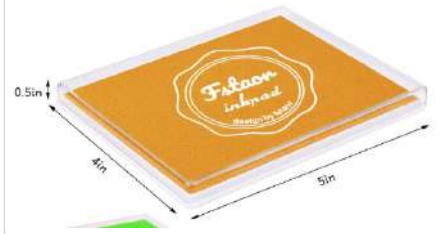

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Montessori Theme
Math - Number Sense & Counting	Developing Numeracy Kit 1 (subitizing)	Young children can subitize (able to recognize without counting) sets of 1 to 5; however 6 to 10 is difficult. Included are: Set 1: Recognizable patterns; size consistency; color consistency; 1-10 number span. (10 cards). Set 2: Random placement; size consistency; color consistency; 1-10 number span. (10 cards). Set 3: Recognizable patterns; size variations; color consistency; 1-10 number span. (10 cards). Set 4: Recognizable patterns; size variations; color variation (indirect preparation for color bead stair); 1-10 number span. (10 cards). Set 5: Random placement of outlined shapes; size variations; no color; 1-10 number span. (10 cards)		X		
Math - Number Sense & Counting	Teen Board (Séguin Board)	Teen Boards Using the Teen Boards, the child explores the numbers 11–19. Bead quantities are created from the 10 bars and colored bead stair in the Teen Bead Box and are associated with the corresponding numeral on the Teen Boards. Includes a wooden box with lid containing two Teen Boards and nine wooden cards.		X		
Math - Number Sense & Counting	Teen Board Beads (teen bead stair)	Teen Bead Box: Individual Beads Glass Box with colored bead bars 1-9 and nine golden bead bars of 10, to be used with the teen boards.		X		
Math - Number Sense & Counting	Teen Boards Activity Set	Teen Boards Activity Set Additional exercises for use with the Teen Boards. Includes: exercise cards, divider tabs and a wooden box for storage.		X		

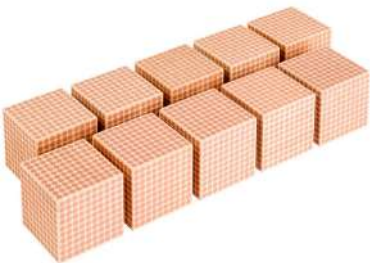

Montessori School of Fort Myers					
Area	Activity	Description	Photo	Required	Optional
Math - Number Sense & Counting	Teens - Equal, Greater Than, Less Than	Introduce your children to the concepts of greater than, less than, and equal to with teen numbers 11 through 19. Children place an included greater than, less than or equal sign into the designated box to make the equation true. The packet includes three sets each with 10 cards for a total of 30 equations. Set 1 uses pictures of tens bars, bead bars and unit beads. Set 2 uses pictures of tens bars, bead bars and color-coded numerals on either side of the symbol. Set 3 uses non-color-coded numerals.		X	
Math - Number Sense & Counting	Tens Board (Séguin Boards)	Tens Boards: US Version Using the Tens Boards, the child explores the number names of the tens and the sequence of numbers 11–99. Bead quantities are created from the 10 bars and unit beads in the Tens Bead Box and are associated with the corresponding numeral on the Tens Board. Includes a wooden box with lid containing 2 Tens Boards and 9 wooden cards printed with the numerals 1–9. One board has five printed number slots (10–50), the other has four printed number slots (60–90).		X	
Math - Number Sense & Counting	Tens Bead Box: Individual Beads Glass	Tens Bead Box: Individual Beads Glass Contains: • 45 bars of 10 • 18 unit beads • a wooden holder for the unit beads		X	
Math - Number Sense & Counting	Tens Boards Activity Set	Tens Boards Activity Set Additional exercises for use with the Tens Boards. Includes: exercise cards, divider tabs and a wooden box for storage.		X	
Math - Number Sense & Counting	Linear Counting: 100 chain	Golden Bead Chain Of 100: Individual Beads Glass Provides experience in counting from 1-100, reinforces the sequence of number, prepares the child for counting by tens and demonstrates in linear form the square of 100.		X	

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Math - Number Sense & Counting	Linear Counting: 100 Chain Mat	Hundred Bead Chain Mat Mat dimensions: 50" x 8.25"		X		
Math - Number Sense & Counting	Linear Counting: 1,000 chain	Golden Bead Chain Of 1000: Individual Beads Glass This activity provides experience in counting from 1-1000, prepares the child for multiplication and demonstrates in linear form the cube of 1000.		X		
Math - Number Sense & Counting	Linear Counting: 1,000 Chain Mat	Thousand Bead Chain Mat Dimensions: 30'4" L x 8.25" W		X		
Math - Number Sense & Counting	Linear Counting: 100 And 1000 Chains Frame	100 And 1000 Chains Frame Optional, you can also place the chains in a basket. If you get this, mount it on the side of large Bead Material Cabinet.			X	
Math - Number Sense & Counting	Linear Counting: Printed Arrows for 100 & 1000 Bead Chains	Printed Arrows: 100 / 1000 Bead Chains 2 sets of decimal system color-coded plastic arrows, for both the 100 and 1000 chains. 2 plastic storage boxes are included.		X		
Math - Number Sense & Counting	Bead material	Bead Material Cabinet A beech plywood cabinet for storage of the Bead Material. Includes a set of casters to move it easily around the classroom, but it can also be mounted on the wall. Measures: 96 x 10 x 124 cm.		X		

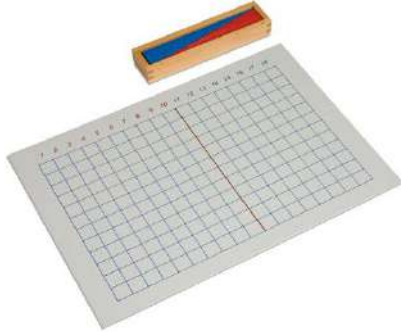

Montessori School of Fort Myers					
Area	Activity	Description	Photo	Required	Optional
Math - Number Sense & Counting	Skip Counting	Bead Material: Individual Beads Glass This extensive set of Bead Material is used for teaching the exercises of linear and skip-counting the quantities of the squares and cubes of the numbers 1-10. It prepares the child for later activities in multiplication, squaring and cubing, as well as base number work.		X	
Math - Number Sense & Counting	Skip Counting	Printed Arrows: The Bead Material 20 sets of color-coded plastic arrows with the multiples printed on them for use in the skip counting exercises with the short and long bead chains. The arrows of each chain are 1/4" wide for the units, 1/2" wide for the multiples, 3/4" wide for squares, and 1" wide for cubes. 20 plastic boxes are included.		X	
Math - Number Sense & Counting	Hundred Board	Hundred Board A material used for teaching the number sequence from 1 to 100. The material consists of a wooden board printed with 100 squares and a box with lid containing wooden chips printed with the numbers 1-100.		X	
Math - Number Sense & Counting	Hundred Board Control Chart	Control Chart: Hundred Board This control chart makes it possible for children to work independently and correct their own errors.		X	
Math - Number Sense & Counting	Hundred Board Activity Set	Hundred Board Activity Set Additional exercises for use with The Hundred Board. Includes: exercise cards, divider tabs and a wooden box for storage.		X	
Math - Number Sense & Counting	Montessori Math Workbook	119 pages, 4+ years old. Number Concepts - number rods, cards and counters and one to one association. Golden Beads - introduction and arithmetics with golden beads. Linear Counting - bead bars, teens, tens, skip counting, hundred board. Arithmetics - addition, multiplication, subtraction and division. By River Education.		X

Math - Decimal System	Bank Game: Large Deci-Pockets	Bank Game: Large Deci-Pockets 26½" x 34½", fits the large numeral cards from the Bank Game, can hang on a wall or be brought to the work area. After children have demonstrated the ability to lay out the numeral cards correctly, use these pockets for Bank Game activities. Several sets of paper cards will fit in the pockets.		X		
Math - Decimal System	Jumbo Opaque 10 Sided Dice	Our most popular dice include the 10-sided dice, color coded to the Montessori Place Value System. A set of four (4) includes two greens, one blue, and one red 10-sided dice. The dice are numbered 0-9 thus allowing a child to roll any number between 0-9999. These dice are used in conjunction with materials such as number composition with the golden beads, the teen and tens board, the Bank Game, the Bead Frame, operations such as addition and multiplication as well as teacher made activities. Four options are available: jumbo opaque, small opaque, small pearlized, and small transparent.		X		
Math - Decimal System	Stamp Game - box with tiles	Stamp Game After being introduced to the decimal system using the Golden Bead Material, the Stamp Game provides opportunity for individual practice in the operations of addition, subtraction, multiplication and division. In a step towards abstraction, the quantity and symbols of the decimal system are combined and are represented by each 'stamp'.		X		
Math - Decimal System	Stamp Game - Activity set cards (static and dynamic)	Stamp Game Activity Set Additional exercises for use with The Stamp Game. Includes: exercise cards, divider tabs and a wooden box for storage.		X		
Math - Addition	Dot Exercise/Game	Dot Exercise The Dot Exercise provides practice in decimal system addition. Through use, the child further explores column addition and experiences the mechanism of 'carrying.' The Dot Exercise grid is printed on a whiteboard upon which the child writes with water based pens of 2 different colors. 2 pens included.		X	Primary	

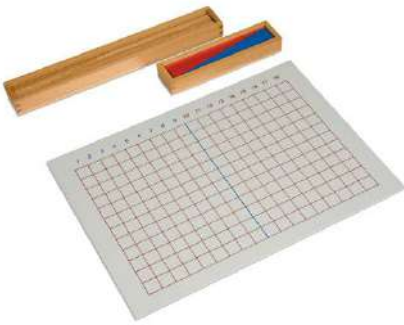

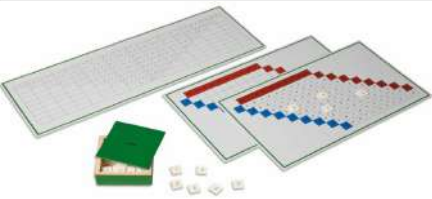

Montessori School of Fort Myers

Math - Addition	Dot Exercise Activity Set	Dot Exercise Activity Set Additional exercises for use with The Dot Exercise. Includes: exercise cards, divider tabs and a wooden box for storage.		X	Primary	
Math - Addition	Addition Snake Game	Addition Snake Game: Individual Beads Glass The Addition Snake Game introduces the child to addition combinations of the unit numbers. Contains 1 box with 5 sets of Colored Bead Stairs, 1 box with 1 set of Black And White Bead Stairs, and 1 box with 23 Golden Bars Of 10. The 3 boxes fit neatly into a beechwood tray.		X		
Math - Addition	Snake Game Addition Kit 1	Kit 1 in this series reinforces the concept of "search for 10." Children count color beads and exchange them for gold ten bars. The set includes ten (10) 8.5" x 5.5" beginning cards that have actual pictures of beads and move to building a snake game using numbers provided in an additional ten (10) cards. Total 20 cards. Used for reinforcing the concepts associated with fact families		X		
Math - Addition	Snake Game Addition Kit 2	Kit 2 in this series reinforces the concept of "count to 10." Children count color beads and when they reach 10 they exchange them for gold ten bar and replace the remaining beads with black and white place holders. The set includes ten 8.5" x 5.5" beginning cards that have actual pictures of beads and move to building a snake game using numbers using an additional ten		X		
Math - Addition	Addition Strip Board with red and blue strips	Addition Strip Board Using the Addition Strip Board, the child practices the sequence of addition combinations 1-9, and begins the process of memorization of the addition tables. The material is composed of a hardboard chart 12 squares by 18 squares with the numbers 1-18 printed across the top. Stored in a hardwood box are the strips used for the exercise, 9 red strips divided into squares and 9 solid blue strips, both printed with the numerals 1-9.		X

Math - Measurement & Graphing	Measuring Books	Each book features images of children measuring something, with clear, simple text that explains how different measurement tools are used at home, school, and work. Paperback, 25 pages each. Ages 4+. Set includes: Measuring Time (MA133), Measuring Weight (MA134), Measuring Length (MA135), Measuring Distance (MA136), Measuring		X		Measurement & experiments
Math - Books	Books about Mathematics	Can You Count to a Googol? by Robert E. Wells You may be able to count all the way to one hundred, but have you ever counted to a googol? It's impossible! In this fun book of numbers, Robert E. Wells explores the wonderful world of zeros and tells how the googol came to be named.		X		
Language - Oral	Singing and adult instruments	Teachers are encouraged to sing and play instruments (if possible) any time of the day.		X		
Language - Oral	Oral Language Materials Overview	The toddler - primary oral language materials are set up as a five stage series of progressive lessons using the same objects which are changed via a monthly theme for the first four stages. Objects should be reality based, not cartoonish. Pictures should ideally be taken (if not provided) of the exact physical object they are matching, not a general photo or drawing. The sequence, in order of difficulty, is: 1. Nomenclature (vocabulary) with one object, 2. Object to object matching, 3. Objects to picture matching, 4. Picture to picture matching, 5. Advanced activities like parts of a whole, classification, associations, etc.	<p>Nomenclature should introduce objects via a three part lesson.</p> <ol style="list-style-type: none"> 1. This is a cow. 2. Show me the cow. 3. Which one is the cow? <p>Nomenclature and object to object is not age appropriate for primary. The previous steps are not needed.</p>	X		

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Monthly Theme
Language - Oral	Toddler Language Monthly Themes: The 4 Step Sequence	The MontessoriPrintShopUSA Toddler (can be used for primary too) Language object and picture sets can be used for monthly themes. They require you to buy 4 of each set (each comes with one object and two sets of cards) resulting in having 4 objects and 8 sets of cards allowing you to fulfill all four parts of the language progression: (1) nomenclature - object only, (2) object to object, (3) object to picture, (4) picture to picture, and you get five extra sets of picture cards to replace as needed.	The sets pictured here are starter sets, teachers are encouraged to make their own monthly themes. That said, these sets come laminated with objects saving a lot of time. The pictures in these sets do not precisely match the objects - if you make your own sets take pictures of the exact objects that you purchase. Sets contain up to 12 objects per set, teachers may choose to reduce the number of objects presented at once. Teachers can change up the display mid month or simply make a theme spread over two months.	X		
Language - Oral	1. Nomenclature	The school year's 12 Monthly toddler themes should include objects that a toddler could be reasonably expected to encounter in their life in the next three months (body parts, transportation) to build their vocabulary. Themes such as space, dinosaurs, etc. are not age appropriate as they are not in a toddler's every day world. Examples include: 1. Florida, 2. Ocean, 3. Garden, 4. Fruits & Vegetables, 5. Forest Life, 6. Transportation, 7. Weather, 8. Family/Pets, 9. External Body, 10. Zoo, 11. Insects, 12. Farm		X		
Language - Oral	2. Object to Object Matching	The TOOB brand small objects sets are reality based (not cartoonish), offer a wide variety of theme ideas, and are a great physical size for language lessons.		X		
Language - Oral	3. Object to Picture Matching	The TOOB brand small objects sets are reality based (not cartoonish), offer a wide variety of theme ideas, and are a great physical size for language lessons.		X		
Language - Oral	4. Picture to Picture Matching	The TOOB brand small objects sets are reality based (not cartoonish), offer a wide variety of theme ideas, and are a great physical size for language lessons.		X

Language - Oral	Rhyming Activities with Objects	The purpose of rhyming is to provide practice in discriminating speech sounds in words which leads to beginning reading. These activities will develop phonemic awareness as well as listening skills and intonation patterns of the spoken language. The program is designed with four different sets progressing from concrete to abstract. Set 1 has 12 rhyming objects which the child places in pairs on the rhyming boards., Set 2 contains 8 objects that rhyme with pictures that are found on the rhyming boards. Set 3 contains 10 rhyming boards with one picture printed on one side of each board and 10 separate cards that contain other pictures which the child has to decide where to place them. Set 4 contains 30 boards with four pictures on each board where the child is asked to identify the pictures that rhyme.		X		
Language - Oral	3 Part Cards with Objects - Transportation	Land, Water or Air Vehicles 3-Part Cards with Objects. Two separate sets. Each set comes with 16 vehicles, matching 3 part cards, a land, water, air control chart, and a sorting board.	 Land Water Air Vehicles Green Set	X		
Language - Oral	Same and Different	Classification proceeds through at least three levels for the young child. First, simple classification is performed according to whether objects belong together; second, objects are classified as to disjoint sets; and last, multiple classification takes place in which objects may belong to two or more of the classes. 4 sets with each set containing 10 cards.		X		
Language - Oral	4 Step Sequence	Fruits & Vegetables Toddler Cards with Objects 3.5" x 4.75" cards and objects (up to 3"). Contains: Pear, Orange, Apple, Broccoli, Carrot, Corn, Artichoke, Banana. Laminated (5-7mil), trimmed and ready for immediate use.		X

Language - Cognitive Writing	Large Movable Alphabet - composition of words and phrases	Large Movable Alphabet: International Print Includes additional letters for the Nordic, German and Spanish languages which can be thrown out.		X		
Language - Cognitive Writing	Movable Alphabet Box with pink and blue letters (2 per classroom)	Small Movable Alphabets: Letters Imprinted Inside the Box We choose Alison's Montessori's product because the letters are smaller, the Neinhuis letters are too big. Letter Sizes: Longer letters (g,h,t,l,k): 2" * 1 1/4" Shorter letters (c,e,a,u,) 1 1/8" * 1 1/8". The set includes 5 of each red consonants and 10 of each blue vowels.		X		
Language - Reading (phonetic	Child library area	Child library area with fiction and non-fiction picture books (10 minimum), ideally covering the monthly theme.		X		

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mont Theme
Language - Reading (phonetic awareness)	Short and Long Vowel Words	The long o sounds like the o in the word ocean, and the long a sounds like the a in the word acorn. The short i in the word big sounds very similar to the short e in the word beg, and the short o in the word cop sounds similar to the short u in the word cup. Children need to be able to recognize and produce these sounds before they are able to learn the rules for reading and spelling them. Short Vowels: For older kids, short vowels are often written in a pronunciation dictionary as having a curved symbol above them ä, ě, ĭ, ǒ, ŭ. Here are a few examples of a short vowel: bun, bop, bed, bin, bat. Long Vowels: Long vowels have a straight line above them ā, ē, ī, ō, ū. Here are a few examples of a long vowel: face, even, lie, toe, use. This set of materials contains two sets of cards with each set containing 8 combinations of short and long vowel words for a total of 16 sets. Using real pictures each item is clearly identified so children can begin seeing the difference between short and long vowel words: can/cane, mat/mate, tub/tube and more. Total of 64 cards.		X		
Language - Reading (phonetic awareness)	Short Phonetic Reading Series (Pink) with Objects	This is the series that is usually referred to as the "Pink"; also known as the short phonetic series. The emphasis here is introducing children to words that are constructed from three letters or less which contain short vowel sounds. Students are given many opportunities to explore beginning and ending sounds as well. This series contains six main sections with each		X		
Language - Reading (phonetic awareness)	Longer Phonetic Reading Series (Blue) with Objects	This is the series more commonly referred to as the "Blue" series; also known as the longer phonetic series. The emphasis here is placed on introducing blends with short vowel words of four or more letters followed by longer words that contain more syllables.		X		
Language - Reading (phonetic awareness)	Phonogram Reading Series (Green) without Objects	The series contains 10 main sections with This is the series more commonly referred to by many as the "Green" series; also known as the Phonogram series. With more than 80 objects* to accompany the activities, the materials in this series were developed not only using the traditional approach to phonemic awareness but also include activities that are based on current brain research.		X

Geography - Books	Introducing Landforms (Looking at Earth)	This fascinating new book explains to young children why the land on Earth has different shapes in different places. Amazing photographs and illustrations show examples of continents, mountains, valleys, plains, and caves, as well as the forests, animals, and water that may be found on each landform.		X		Land & water forms
Geography - Physical	Globe of Land and Water (Sandpaper Globe)	Globe Of Land & Water: Sandpaper With the Globe Of Land And Water, the child gets a sensorial impression of land and water. The globe has a sand surface representing land and a smooth surface representing water. The wooden base holds the globe at a 23° angle, the same as the earth's axis in relation to the sun.		X		Globe and maps
Geography - Physical	Globe of the Continents (Colored Globe)	Globe Of The Continents: Colored With the Globe Of The Continents, the concept of continents is reviewed with the child and the continents are named. These lead to work with the Puzzle Maps. The wooden base holds the globe at a 23° angle, the same as the earth's axis in relation to the sun.		X		Globe and maps
Geography - Physical	Globe	12" World Globe With raised-relief, it shows more than 4,000 place names and vivid colors help easily distinguish political boundary markings. Features gyromatic mounting that swings up or down to bring any area into closer view.		X		Globe and maps
Geography - Physical	Large Chart Of The World (fabric)	A large chart made of a coated fabric measuring 140 x 170 cm. The chart is designed for children to have an interactive experience with the world while they learn. They can sit on the chart while laying out word cards, animals or pictures belonging to the different world parts.			Opt for all age levels	Globe and maps
Geography - Physical	World Continents and Hemispheres 3 Part Cards	33 cards showing 11 real photographs of the 7 continents along with the western hemisphere, eastern hemisphere, northern hemisphere, and southern hemisphere.		X		Globe and maps

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Geography - Physical	Cards Of The World Parts	This material helps the child move to a more abstract understanding of the continents. The 14 heavy plastic silk-screened cards form two sets. One set with the continents and names, and the other set with only the continents. A set of loose name labels in a plastic box is included. 5+ years old.		X		Globe and maps
Geography - Physical	Directions on a Compass Wooden Three-part Cards	This set of three-part nomenclature cards includes the following: 9 picture-label cards (one for each direction), 9 picture cards (one for each direction), 9 label cards (one for each direction).		X		Globe and maps
Geography - Physical	Magnetic Compass	This compass is to be used with the classroom cardinal directions activity where children tape the cardinal directions on the appropriate wall of the classroom. E.g. the north label goes on the north wall of the classroom.		X		Globe and maps
Geography - Physical	Directions on a Compass Puzzle	Age Group: 3-9 years, Dimensions: Puzzle - W: 10.5" x L: 10.5". The puzzle pieces are 6mm thick and sit on a 6mm wooden base. Supplemental cards for ages 3-6 can be purchased separately or as a set. The labels included are: West, East, North, South, Northwest, Northeast, Southwest, Southeast.		X		Globe and maps
Geography - Physical	Printable: Classroom Cardinal Directions	These Printable cards are put in a basket with a tape dispenser. Children are asked to use a real compass along with the cards to tape the 8 cardinal directions labels on the appropriate walls of the classroom, e.g. the north sticker gets taped to the northern wall of the classroom. Children should remove the labels when they are done or the following day.		X		Globe and maps
Geography - Physical	Layers of the Earth Puzzle with Nomenclature Cards (3-6)	This set of three-part nomenclature cards includes the following: 7 picture-label cards (one for each layer of the Earth), 7 picture cards (one for each each layer of the Earth), 7 label cards (one for each each layer of the Earth)		X		Globe and maps

X		
Other - Furniture & Fixtures	10" Woodcrest chair (toddler and primary)	Toddler: Half 8", half 10" chairs Primary: Eight 10", sixteen 12" chairs Strong, ergonomic design, supports good posture. Ultra-stable, wide build. All edges and corners are rounded for safety. Weight limit: 165 lbs. Stackable 5 high		X		
Other - Furniture & Fixtures	12" Woodcrest chair (primary)	Primary: Eight 10", sixteen 12" chairs 12" Woodcrest Chair [J712] Note that over half of the classroom's chairs should be stacked throughout the work day and only taken out at lunch. Tables should have one or two chairs at each table to minimize socializing. Never more than 2 chairs at a table.		X		
Other - Furniture & Fixtures	Primary Cots	Cots - For 3-6 Year Olds. The Angeles brand "Spaceline" cots stack neatly, hold the child off the ground, and are wipeable with bleach solution without damaging the fabric. The cots have proprietary fitted sheets that are purchased separately. Enough cots for napping children - assumed to be up to 16/22 children as older children won't need a nap. Cot Dimensions: 55" L x 22" D x 5" H, Pack of: 4		X		
Other - Furniture & Fixtures	Primary Cots Carrier	This is optional, cots can also be stored in a custom shelf high on the wall to make space under it available. The Universal Cot Carrier fits all Angeles cots. The cot dolly is adjustable to accommodate standard or toddler cots. Holds up to 24 cots, Wheels allow for easy maneuvering			X	
Other - Furniture & Fixtures	Fitted cot sheets	Standard size sheets (primary age) White cotton Elastic loops keep cot sheet in place Wash them in hot water and bleach		X

Other - Furniture & Fixtures	Backpack Hooks - Toddler	Students have two areas to store their things. A backpack hook with their name on it outside in a covered outdoor area holds their coat (seasonal) and a school-issued backpack. A small cubby inside holds diapering supplies. The coathooks are one four foot strip and one two foot strip for 12 hooks total.		X		
Other - Furniture & Fixtures	Backpack Hooks - Primary+	Students have two areas to store their things. (1) A backpack hook with their name on it outside in a covered outdoor area holds their coat (seasonal) and a school-issued backpack. (2) A folder inside. We seek to avoid offering cubbies since they take up so much space. The coathooks are three four foot strips for 24 hooks total.		X		
Other - Furniture & Fixtures	Clear book case	This is to be used in outdoor classroom environments that can get rain, to protect books. Different sizes available. Toddler books size large is 10.63" x 8.66" x 14.17".			X	
Other - Furniture & Fixtures	Cubbies for bathroom	For primary+ age levels, we prefer not to have cubbies inside as they are not a good use of space. Personal items are to be kept in backpacks in the outdoor covered area and in documents in folders in a file cabinet for older students.		X		
Other - Furniture & Fixtures	Large file cabinet for teacher files	File cabinet - top 2 files for teacher (black line master and various extensions), bottom two drawers are for children (mostly oldest students) to store their work from throughout the week.		X		
Other - Furniture & Fixtures	Diffuser	A diffuser and variety of essential oils may be used throughout the day. The HVAC should also be programmed to be set to circulate the air constantly during classroom hours. This will help diffuse bad smells for diapering ages.		X		

Montessori School of Fort Myers						
Area	Activity	Description	Photo	Required	Optional	Primary Mon Theme
Other - Furniture & Fixtures	Diffuser Essential Oils	A variety of essential oils should be purchased in large bottles (4 fl oz or larger) which are cheaper than the small bottle variety packs.		X		
Other - Furniture & Fixtures	Clock	All age levels, hung at adult height. Clock should have easy to read numbers in simple font and should be analog not digital to teach students how to read an analog clock.		X		
Other - Furniture & Fixtures	Cork board	This cork board is for pinning various documents required by our regulatory authorities and accreditation groups. E.g. fire escape plans, daily schedule, allergy chart, etc. It needs to be big enough to pin at least four laminated sheets of 8.5x11 paper.		X		
Other - Furniture & Fixtures	Covered Matching Trash and Recycling Bins - 13 Gallon	One for indoors and possibly one for outdoor classroom area. Needed in administration, break rooms, possibly other rooms.		X		
Other - Furniture & Fixtures	Music Player	This device can be upgraded as technology advances. Currently we use the "Megaboom 3" Bluetooth device which has excellent bass, no tinny sound and communicated with tablets and smart phones. 20 Hour battery and had a separate charging station. Different colors available.		X		
Other - Furniture & Fixtures	Wall Calendar	Note: Many different sizes and stands available. * 1 Base (22 x 31.25 inches) - mount on the wall with two screws through the holes under the season and month pieces or can be displayed on our Calendar Stand. * 2 Magnetic Strips - Weekdays and Yesterday/Today/Tomorrow * 6 Reversible Month Cards (9.25 x 2.75			X

Other - Furniture & Fixtures	Wall Calendar	>>> Short Size INCLUDES <<< * 1 Base (16.5 x 21.25 inches) - mount on the wall with two screws through the holes under the season and month pieces or can be displayed on our Calendar Stand. * 1 Magnetic Strip - Weekdays * 6 Month Cards (7 x 2 inches) * 31 Number Coins (2 inches diameter) * 2 Reversible Season Coins (4 inches			X	
Other - Furniture & Fixtures	Wall Calendar Stand	Stand fits many size calendars.			X	
Other - Furniture & Fixtures	Jobs Chart	Optional for primary and up.		X		
Other - Furniture & Fixtures	4 plants of different size and varieties.	Atleast four plants of different sizes and species should be placed throughout the room at child height (maybe not for infant). They should be low light plants and have holes in the pot with a tray to prevent damage to the shelves. Tippy pots and prickly plants should be avoided.		X		
Other - Furniture & Fixtures	Safe Space Area	The safe space can be used to several purposes. A tired or sick child can lay down. An upset child can be redirected there to have a tantrum. The safe space should have soft materials and textures that are soothing for an upset child. A series of stuffed animals and soft pillows should be purchased with machine washable covers.		X		
Other - Furniture & Fixtures	Safe Space Pillows	MIULEE Pack of 2 Corduroy Decorative Throw Pillow Covers 18x18 Inch Soft Boho Striped Pillow Covers Modern Farmhouse Home Decor for Spring Sofa Living Room Couch Bed Cream White		X

Other - Furniture & Fixtures	Safe Space Rug	Brand: H.VERSAILTEX Size: 2x3 Feet Material: Polyester Color: French Oak Easy Care: Simply vacuum with a hand-held vacuum or wipe with a damp cloth; Allow your rug to fully air dry before next use. Machine washable, use a mild detergent, with no bleach or fabric softener, and do not wash with other textiles. Tumble dry on the lowest possible heat setting		X		
Other - Furniture & Fixtures	Safe Space - Self Calming Soft Object to Cuddle	Bean bag chair and/or Soft objects to hug or cuddle. All objects must be washable or have a washable cover to be washed weekly.			X	
Other - Furniture & Fixtures	Entry Rug	For all age levels at the entrance to the classroom and possibly kitchen. Morris & Co. Pure Willow Boughs Green Rug 2'x3' Area rug Machine washable		X		
Other - Furniture & Fixtures	Rugs for line time	This line time rug is specific for a primary+ age class. It should be treated with Scotchguard before being used and it will need replacement every 2-5 years. Area Rug Oval 10'9" x 13'2"		X		
Other - Aftercare Indoor	Aftercare Program Overview	Aftercare for all age levels can have non Montessori materials that are only to be used once the school day ends (~3pm). Emphasis should be on creative and constructive play. Indoor play sets need to be easily broken down and stored in a bin. Outdoor items need to be able to compact and fit in a storage cabinet.		X
