

Thanks to all who are helping us:

Your **donations** and **purchases** help us match our much appreciated \$5000 grant from the Community Foundation of the Eastern Shore.

You will also be able to keep up with our events using our **new website**, whitehavenheritage.com that was financed in part with a grant through the Lower Eastern Shore Heritage Area. LESHA, is a non-profit 501©3 organization through Maryland Heritage Area Authority, whose purpose is to preserve, promote, and protect the historical, cultural and natural heritage of Maryland's Somerset, Wicomico, and Worcester Counties.
