

2025

HAPPY NEW YEAR

DESERTSCAPE
PHOENIX, ARIZONA

A COBBLESTONE COMMUNITY

FROM THE DESK OF

Peter Nguyen, Desertscape Park Manager

Hello everyone,

I wanted to start off by saying Happy New Year! It has been a crazy year in the community. Lots of construction and delays but it is all in the past now. We are so grateful to have our clubhouse and office again. I hope you all enjoy our newly upgraded facility to the fullest. The Association and I are

working together to plan fun events and brainstorm new ideas to host in our community.

I know the laundry and pool aren't completed yet, but it shouldn't be too much longer before we get that back and that will be all cleaned up and looking new. With such large improvements to our facilities, I hope that residents see how much nicer our facilities are and take pride in keeping the community buildings clean along with making their homes look even nicer. I know it will be a slow journey, but we can get it done with the help of everyone in the community.

I am sure we will make this community shine brighter than ever. Starting this year, I wanted to give everyone a heads up that we will be doing more thorough lot inspections. Please keep up with your lot and abide by the Rules and Regulations. If you need a copy of the Rules and Regulations, please come to the office and we will be happy to provide one for you. Other than that, I hope you all have a fantastic start to the New Year!

Thank You Everyone.

Respectfully, Peter Nguyen

Desertscape Community Manager

A MESSAGE FROM THE DESERTSCAPE'S ASSOCIATION PRESIDENT

Patrick McCombs

So it's a new year. It seems we always find fault with the previous year and promise ourselves that the upcoming year will be better. Even if the last year wasn't too bad. As Alexander Pope said in his 1732 poem: "Hope springs eternal in the human breast". Well, we should look forward to the new year with hope. We will have a new Clubhouse and Card Room, new showers, laundry room, and remodeled pool.

Also, we have a new board. This will begin my second term as President. To be honest, when I took over two years ago, I did not have any idea what it entailed. I had been Vice President before, but really had limited duties other than go to the board meetings. Before I could even get acclimated, the Clubhouse was closed in May 2023. So we sailed along for a bit with nothing to do. Then the Clubhouse was re-opened. Then closed. Then opened. People were up in arms. The Association couldn't really plan anything from week to week as we had no idea when construction would begin. We updated the Constitution and by-laws. Did some in-house cleaning, planning for the future when we didn't know it would happen. Then we started up again, having waited weeks for construction to begin and nothing started. We got a new Park Manager. Rumors were rampant. Dissatisfaction reigned. When would things begin? Will they ever trim the palm trees? What was the delay? During all this we tried to keep up with the usual things. Bingo. Breakfast in the Park. Potlucks. Then, finally in May 2024 everything shut down again, but this time construction actually started. We got another new manager. This time everything shut down. The laundry. The pool. Everything. We were told the laundry would be done in a couple months and the rest maybe in October. Then we were told construction was going well. Maybe finished by September, dare we say late August? We got yet another Park Manager. No again, still closed in December. Laundry and pool to open soon after. As I write this in early December, nothing is open. I'm hoping (it springs eternal, you know) as you read this everything has been done.

So, this will start my second term. As outlined above, the first term was a mess. I just kind of followed the "what did we do last year" mantra. It actually worked because of all the building uncertainty. Well, that is behind us. We have new facilities and we have new residents. Actually, we have done many of our activities for years. If you think about it, many of these events started some 20 years ago or longer by a whole different generation. We, as in the board, need to move into the future and rethink what we offer. We have some new faces on the board. I think we have a mandate to really think about what we can offer the residents, and when we should offer them. With many

new residents still working, activities on weekday afternoons may be out. So we have our work to do. It is up to you to give us direction. What do you want from the Association? Let us know. Maybe at an Association Meeting. Text your thoughts to me, or any Board Member. Don't be frustrated by not having activities you want, be vocal. If we can, we will accommodate you.

Head on over to Via DeLosantos Restaurant located at 9120 North Central Avenue on Tuesday, January 14th and enjoy their great food with the January Birthday Babies. Via DeLosantos will be putting a minimum of two orders on each check, so if you're going alone you'll need to bring cash. The party starts at 5:00 for cocktails, 6:00 for dinner. Please let Gail know if you plan on attending. You can call or text her at 602-327-8125.

ACTIVITY DIRECTOR'S MESSAGE

by Gail Brazell

As we say goodbye to 2024 and welcome in the New Year, we can look forward to activities and fun in our new clubhouse. I want to thank you all for your patience and understanding while the remodeling of our facilities was taking place. It is my New Year's wish to see more of you join in on the

wonderful new activities room, exercise room, and library not to leave out the dining hall as some of you saw at the Thanksgiving dinner. There will be a sign-up sheet in the new activities binder that you will find in the main dining hall. This binder is where you will sign up for any activities or events that you wish to participate in. Information and updates are always shared at our coffee and donut meetings. (please come and catch up with your neighbors) If you have any questions or suggestions, please feel free to call me at 602-327-8125.

Gail Brazell
Activities Director
Gailbrazell61@yahoo.com

January Resident of the Month

MIKE AND JOAN PADILLA

We met through Mike's sister. She and I worked together. Mike would always ask her to set him up with her friends and she would say no, then when he asked about me, she said yes, she would approve of me. Our first date was on Christmas Day 1994, Mike was going to school to be a drafter and delivering sandwiches from a deli. We have been together since our first date.

On Valentine's Day 1996 I told him we were getting married and he could come with me to Kay Jewelers to pick out our rings. He said OKAY, so we went, and he got a credit card and we went from there, I told him we are getting married Friday after Thanksgiving because everyone would have a 4-day weekend and not have to take extra time off. That was 1996.

We moved from my apartment on 7th Ave and Osborn to our house in Maryvale in January 1997, got our first dog and lived there till 2010, then we moved around a bit and moved to Park in 2019. We moved in with Jiminy and Cricket, and then inherited Toasty when Sister-in-law went into care. I spent the first couple of years back and forth to Nebraska helping Cousin and Aunt, then home in 2020 after the loss of little brother and Mike's sister. We love the park and volunteering because we like to be involved.

coffee & DONUTS for you

The dates in January for Coffee & Donuts meetings are Friday, January 10th and Friday, January 24th at 10:00 a.m. These meetings are a social gathering and will have news from the office as needed.

Open to Desertscape residents. Stop in for a sweet treat and coffee.

We look forward to seeing you there!

SPOTLIGHT ON CAROL SPARKS *by Allison Hawley*

By the time you read this, the holiday season will be well behind you, but I am writing this the week of Thanksgiving after spending a lovely afternoon on Carol Spark's patio enjoying the company, the weather and the whimsy surrounding Carol's home. It seems there is a story everywhere I look, from the tiles her father made that lead to her funky little garden, the hand painted rocks Carol is known

for and the beautiful cupboard on Carol's patio, hand painted of course by Carol and her Great-grandson. As I relaxed and listened to the stories of how Samaritan's Purse has impacted the world around us I had a new understanding of why Carol and her family have been dedicated to this very worthy organization for many years, putting together hundreds of boxes a year and mailing them to some of the most remote places in the world. Carol tells me that it is not unusual that the last leg of the journey for boxes to be via a canoe or wagon and even delivered by camels ridden through the desert with packs of the shoeboxes filled with gifts on their backs.

Our conversation drifted here and there as Carol explained that getting supplies for the boxes is a year-around job. In addition to hand-making darling little octopuses made of yarn and tiny baby dolls, she is always on the lookout for a good sale on items that are small enough to fit into a shoe box but still useful and interesting. One afternoon when her great grandchildren were with her, a package came and Carol set about unpacking a box filled with 50 Hot Wheels cars she had ordered. Her great-grandsons eyes lit up as he watched on. Nothing was more fun for him than digging in

the dirt to make little roadways with dips and turns for his cars and he watched his great-grandmother unwrap each car with anticipation.

But this time, Carol explained, these cars weren't for him. And then she told him about children around the whole world who would be receiving a Samaritan's Purse Christmas Box, explaining that these beautiful shiny new cars were for them. A look of understanding replaced his initial disappointment and he went off to play in the bedroom. Still sorting through items for the boxes, Carol looked up to see her great grandson approaching, his arms full of his own little cars, his gifts to the children around-the-world.

As Carol said, love has no borders or boundaries.

The need for supplies is long and never-ending. Carol made the following list and asks that if you are able to donate supplies or money, you can drop them off at her home at B-162 as she is already working on Christmas Samaritan's Purse 2025.

- The boxes cost \$10.00 apiece to mail – monetary donations in any amount is most welcome, along with:
- washcloths, toothbrushes, combs, hair clips, scrunchies and socks
- pencils, erasers, coloring books, crayons, rulers and small pads of paper
- small stuffed toys (not used), balls, kazoos, cars
- socks, hats, buttons, thread, needles, pins, measuring tapes (for sewing kits)

Let's pitch in and help Carol get these supplies to the children all around the world whose lives will be changed with their own Christmas Samaritan's Purse Shoebox.

Recipe of the Month

CHICKEN STEW

by Holly Nilsson

6 servings

In this comforting chicken stew recipe, chunks of tender chicken, hearty root vegetables, and seasonings simmer in a flavorful chicken broth. It's filled with goodness for the ultimate comfort food.

Ingredients

- 1 ½ pounds boneless skinless chicken thighs about 8 thighs, diced 1-inch
- 2 tablespoon olive oil
- 2 carrots diced
- 1 small onion chopped
- 2 ribs celery diced
- 5 tablespoons all-purpose flour divided
- ½ teaspoon dried rosemary
- ½ teaspoon dried thyme leaves
- ¼ teaspoon ground sage
- salt and black pepper to taste
- 1 ½ cups diced potatoes peeled if using russets or baking potatoes
- 1 ½ cups diced sweet potatoes peeled
- ½ red bell pepper finely diced
- ¼ cup white wine
- 4 cups chicken broth or chicken stock
- 1 cup green beans cut into 1-inch pieces, or frozen peas, thawed
- ½ cup heavy whipping cream

Instructions

In a large pot or Dutch oven, brown chicken in 1 tablespoon olive oil (it doesn't have to be cooked through). Remove from pot and set aside. Cook onion, carrot and celery in remaining olive oil for about 3 minutes or until onion is slightly softened. Stir in 3 tablespoons of flour, seasonings and salt & pepper to taste. Cook over medium heat about 2 minutes. Add potatoes, sweet potatoes, red pepper, white wine, browned chicken and broth. Bring to a boil, reduce heat and simmer covered for 30 minutes. Remove lid and stir in green beans and cream. Thicken if desired (below) and simmer an additional 10 minutes uncovered. To thicken: In a mason jar combine remaining 2 tablespoons flour and 1 cup water or broth. Shake very well (ensure there are no lumps) and add a little at a time to boiling stew to reach desired consistency.

January Home of the Month

The beautiful home of Mary Ann Riebold located at E-229 is the winner of the January 2025 Home of the Month! Congratulations, Mary Ann on a well-deserved win, Please contact the office about the \$50 rent reduction you will receive for February.

THE GARDEN GUYS,

brought to you by your neighbors, Michael and Dan at C-111

January - best wishes to everyone for a healthy, prosperous and happy 2025. May this year be better than the last.

The weather has gotten so much cooler and the afternoons are a great time for potting up some

plants but choosing the right plant can sometimes require some thought. You might buy a plant because you like the look of it, or because that plant will fill that particular niche or spot. Garden Centers are a reliable source of houseplants with a reasonable plant selection and, with any luck, a few unusual ones. Nurseries have higher prices but offer a larger and better selection. When buying plants it can pay to shop around. You want to get the most for your money. Part of the fun of growing plants is to come across unexpected discoveries, plants you've never seen before. There are also some "classic plants" that have been around for generations that are easy to grow. Here are three "classics":

One of the more popular houseplants of the latter 1800's was the "Parlor Palm", now commonly known as the NEANTHE BELLA PALM. This native of Central and South America is a houseplant here in Phoenix. This palm can attain a height of 3 - 4 feet. The fronds are composed of leather-like, dark green leaflets. A very hardy indoor palm, but a slow grower. Tolerates crowded roots and poor light. Let the soil surface dry between waterings. When repotting, use a general-purpose soil mix. Repot every 2 - 3 years.

Native to Taiwan, the SCHEFFLERA has long stalks with branches containing 6 - 8 glossy green leaflets 4 - 10 inches long, depending on the size of your plant. A houseplant here in Phoenix can grow to 6-foot, with a spread of about 4-foot. Requires moderate or reduced sunlight. This plant likes humidity but can be quite tolerant of drier air. Always let the soil dry out between waterings and then water thoroughly. There are also several varieties of schefflera available with variegated foliage.

If there is one plant that could be considered to be the easiest to grow, that would have to be the SANSEVERIA. Hailing from Western Tropical Africa, this plant is classified as a "rhizome" which is defined as a growing stem which can grow partially or entirely below ground. Its roots grow directly from the underside. The primary growing point is at

one end of the rhizome. Additional growing points form along the sides. Leaves are thick, rigidly upright, patterned and can grow to 4-foot tall. Most leaves are dark green, banded with a gray green. Many variegated varieties are also available. Common names include "bow string hemp" which comes from the use of the tough leaf fibers that were made into bow strings; "snake plant" which comes from the leaf banding, or mottling, which can resemble some snakeskins. The last common name would be "Mother-In-Law's-Tongue" because - well, we're not even going there. This plant does well indoors in bright, medium or low light. As a patio plant it requires diffused light or shade. The sansevieria can withstand dry air, fluctuating temperatures, scanty watering, as well as some neglect. Let the soil dry between waterings. A very slow growing plant that seldom needs repotting and responds well to cramped conditions. This is a plant that will hold its own and look stunning in any home.

January is also the time to inspect your property looking for dead branches on your trees and shrubs. Those should be removed before the spring growing season starts. Always look for new weed growth and be sure to remove those pesky things before they have the chance to go to seed. For now, it's time to get out there and enjoy this wonderful weather. Maybe pot up a few plants and spend the afternoon in the garden. That's where we're going. Is there really a better place to be? For now...

Happy Gardening!

GOOD TIMES *at Desertscape*

Happy times come and go, but the memories stay forever. Enjoy our collection of photos featuring Desertscape events and residents!

Desertscape Christmas Cookies Decorating Party

The third annual Christmas Cookie Decorating Party was a marvelous event, enjoyed by all that attended. There were about 700 cookies to decorate, or eat, or both. Plus there were plenty of Rice Krispy Treats, chocolaty pretzel sticks, Peppermint Bark and many other goodies to be enjoyed at no cost. What a splendid way to usher in the holiday season.

Grand Opening/Thanksgiving Dinner

The Grand Opening/Thanksgiving Dinner was held in our beautiful new Clubhouse on November 23rd. What a party! The organizers thought of every detail from the gorgeous decorations to a special area for photos set up with hay bales and a fall background. The DJ was a great addition, the food was delicious and the door prizes were such a treat for the winners.

It was nice to see so many new faces and getting to know our new residents who were excited to see what was going on behind the screens. All in all, there was a lot of enthusiasm and talk about looking forward to other events resuming and getting a look at the Card Room which is, as of this writing, not quite ready for use.

WOMEN'S CLUB PRESIDENT *Cheri Kramer*

As the President of the Women's Club, I would like to extend my heartfelt gratitude to all of our residents who attended the Wine and Cheese event on Saturday November 30, 2024. Your attendance made the occasion truly special, and the Desertscape Women's Club is honored to have had you join us.

Your support and enthusiasm added to the event's success, and we deeply appreciate your contribution. It was a pleasure to see all of you there and we hope you had a wonderful time. We look forward to the opportunity to welcome you again in the future to Women's Club events though out the coming year.

The Soup Sale is on Saturday, January 25th from 10:00 to 1:00 in the Clubhouse. There will be a variety of homemade soups available for \$3.00 a bowl.

Warm regards,

Sheri Kramer President

BORN IN JANUARY A HAPPY BIRTHDAY!

Congrats

January Pet of the Month

Page

Gabriel Garcia, owner

Meet Gabriel Garcia and his dog, Page. Every time I'm out and about in our community I see Gabriel, with a big smile on his face, patiently walking one of his dogs. His pups are always well behaved and you can see how well they are cared for and loved. So, Gabriel, thank you for allowing me to take your photo and announce that you are Pet Owner of the Month and your sweet dog Page is the Desertscape Pet of the month for January of 2025!

FROM THE NEWSLETTER CONTENT CONTRIBUTORS

Allison Hawley and Michael Dowodzenka

I would like to take this chance to introduce you to Michael Dowodzenka as a new member of the Newsletter Team.

Hello y'all, I am back on the newsletter team as an assistant to Allison. I am taking over the Pet of the Month, Resident of the Month, the Calendar and Recipe of the Month. All submissions of these four categories should now come to me at: mdowod47@yahoo.com, Please remember that any submissions need to be sent to us as soon as possible and a must by the 8th of the month.

I am so excited to work alongside Allison. I know we will be a great team. The newsletter is still Allison's baby, but I am

there to help wherever she needs. I look forward to seeing the residents' participation. A New Year, A New Look, A New Board and hopefully New Attitudes. – Michael.

Note from Allison: Michael has, over the course of the last few weeks, taken on several additional elements of the Newsletter. I'm confident that with his experience, along with the skills of our Designer, Jo Schafrik the Creative Director and Proprietor, Saguaro Design Studio, we will be bringing you a more thorough and entertaining Desertscape Newsletter.

Suffer With Neuropathy? Told Nothing Can Be Done?

That is Simply Not True!

One of my medical heroes, Dr. Patrick Sartz. I took a chance and purchased his program hoping to get off many prescription medications! Here I am, one year later, off all medications, back to working out, dancing in high heel shoes all with no more neuropathy pain! I'm beyond gratitude to Dr. Sartz and incredibly amazed at the results! If you or someone you know have neuropathy, reach out to me, it really works! Joanne Zeoli (Joanne's phone number available on request) other testimonials on website: www.lsNeuropathyCurable.com/testimonials

**Discover the Way to
Have Freedom From
Neuropathy
For Life
Without Medication,
Injections or Surgery
480-556-1358**

I am Dr. Patrick Sartz, DC, BCN, and I lead the Neuropathy Treatment Center of Arizona. I hold a Board Certification in Neuropathy from the American College of Physical Medicine. Since 2008, my focus has been on treating neuropathy without the use of medications, injections, or surgical procedures. My goal is to alleviate and, in many cases, completely eliminate the numbness, tingling, burning, pain and balance issues commonly associated with neuropathy. My journey with neuropathy began in 1966 when I was just 12 years old, watching my mother endure the challenges of this condition, which ultimately led to her being confined to a wheelchair for the last 16 years of her life. Many healthcare providers often assert that effective treatments for neuropathy do not exist, typically prescribing medications that may only provide temporary relief without addressing the underlying issues. Throughout my 16 and a half years of experience in treating neuropathy, I have witnessed numerous treatments come and go, often rebranded due to their failure to deliver lasting results. While I do not claim to offer a cure—no one can—I do provide a highly effective at-home treatment that empowers patients to manage their condition and achieve long-term relief, allowing them to maintain their independence. I understand that many patients prefer a doctor nearby, but since my treatment can be easily performed at home, I remain accessible to my patients via phone from 7 AM to 8 PM, seven days a week. Over the years, my approach has evolved alongside advancements in technology, and since 2020, 98% of my patients have reported experiencing between 65% to 100% relief from the symptoms of neuropathy. Joanne's experience is typical. Please feel free to call me as I would be delighted to share how we have achieved such remarkable results. My website is dedicated to educating individuals about neuropathy and detailing the successes we have experienced over the past four years. Please scan the QR code below.
