Did you know the 'cake walk' first began as dance competitions among slaves in the mid-19th century, called "prize walks"? Today, we play music as the contestants dance in a circle. We stop the music, pick a number, and if your number is picked you'll win cake or cupcakes of your choosing. For even more information and to see where you can get a copy of the 2023 Nebraska Juneteenth Community Activity Book visit our website.

In a separate but related event, we are also having a best decorated cake contest (a fundraiser). Come help us choose the best decorated cake by voting for your favorite, then stay for the auction!
