WHERE DISPOSABILITY MEETS SUSTAINABILITY

Founded in 2020 by a like-minded group of industry veterans, CaterStyle was created with a vision to revolutionize the packaging supply chain through cutting-edge technology, creative product design, and an unwavering pledge to global sustainability.

At CaterStyle, our standards for packaging go way beyond simple functionality or durability. We visualize packaging as a powerful tool to communicate your brand's values and enhance the customer experience. More than that, it is a distinctive opportunity to reduce environmental impact.

After decades of endless corporate green-washing campaigns touting all kinds of vague environmental benefits, it's time to focus on what really matters: the carbon footprint we leave behind. We are committed to developing products with a low carbon impact and documentable carbon tracing. This is not just our mission; it is our obligation.

So, if you're looking for a packaging partner driven by innovation that honors the environment, and characterized by its reliability and professionalism, look no further than CaterStyle.

We are aiming high and we welcome you to join us on the journey.

Best Regards,
The CaterStyle Team

THE NEXT EVOLUTION IN GLOBAL SUPPLY CHAIN

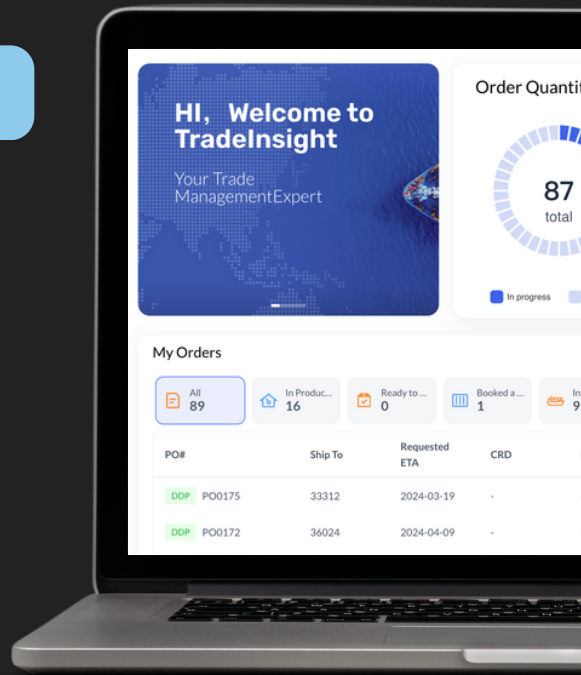

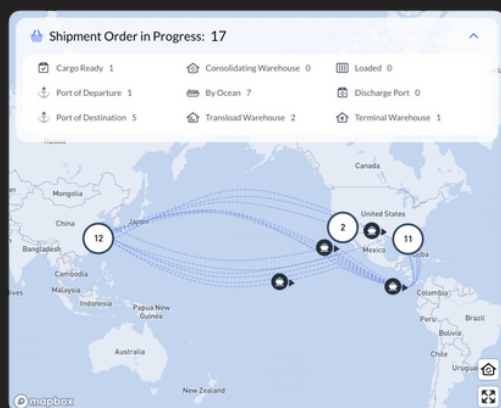

We're not just revolutionizing global imports; we're reshaping the way businesses navigate their supply chains. At CaterStyle, the TradeInsight platform is the technology behind our service. Our commitment to innovation and cutting-edge technology ensures that your products are seamlessly managed from production to the last mile of delivery.

YOUR PRODUCTS. YOUR SCHEDULE. YOUR DELIVERY.

- ✓ Optimized ordering processes
- ✓ End-to-end supply chain visibility
- ✓ Reduced capital investment in inventory
- ✓ Enhanced supply chain management
- ✓ Live order tracking for seamless delivery
- ✓ Faster inventory turns

REAL-TIME TRACEABILITY

Redefine efficiency with our intuitive user interface and AI-driven automation. Experience real-time traceability of products, purchase orders, funds, and assets, 24/7, 365 days a year.
