

DIY Grooming Class \$200

This is a one day class. You will bring your own dog(s) to SPAW and I will teach you all the tips and tricks of the trade. I will provide all the equipment for grooming that day and a few essentials for at home grooming. You will need to purchase clippers, blades and scissors for at home grooming. I will give you links to purchase everything you need. All dogs need regular grooming maintenance and that can begin to get costly. Learning the basics can save you a lot of money in the long run.

The Basics:

- * Learning about your equipment and how to maintain it
- * Bathing, Drying, Brushing and De-matting
- * Clipping/Filing nails, clean/plucking ears, expressing glands
- * Clipping sanitary, pads of feet, face
- * Full body haircut
- * Finishing touches
