

# Member vs. Non-Member Pricing Comparison

This comparison shows how membership impacts the cost of common services. Membership is designed to reduce out-of-pocket costs while providing ongoing guidance and priority access.

Service	Membership Rate	Non-Member Rate
In-home visit (Family Membership)	First visit included / \$0	\$245
Additional in-home visits	\$100	\$245
Telemedicine visit	Included	\$125
Sick-care follow-up guidance	Included	Not available
After-hours guidance	Included	Not available

Membership fees are separate from visit costs. Pricing shown reflects common services and may vary based on clinical needs. Membership is month-to-month and can be canceled at any time.

Membership is intended for guidance, prioritization, and continuity of care. It does not replace emergency services.
