The Cody Heritage Museum Board of Directors has finished the **Heritage Garden** on the west side of the museum. The garden is a permanent living exhibit consisting of an outdoor education area, native plants, pollinator plants, wildflowers, and grasses.

Native Elements Landscape designer Bobbie Holder generously donated the design plans for the garden. It is a beautiful setting which is a huge asset to Cody and to Sheridan Avenue.

A Fresno plow, 6 benches, 2 historic wagon wheels, and the Buffalo Bill Museum (1927) flagpole have also been donated. A focal point of the garden is a life size bronze statue. Entitled "Work to be Done" by Tanner Loren, the piece depicts two pioneers representing the original workers who build the town.

There are a limited number of two smaller versions available for purchase. These funds will help with the cost of the life size monument and the operations of the museum.

- The price of the maquette (approx. 22" tall) is \$4,500.00 and includes your name on a plaque that is attached to base of the monument in the garden.
- The price of the study (approx. 10" tall) is \$1,950.00.

***A 50% down payment is required for either size or payment in full.*

Have a symbol of historic downtown Cody, Wyoming, in your very own home!

With thanks,

Gerri Hockhalter
Heritage Garden Chair
