The Cody Heritage Museum Board of Directors is in the process of building a **Heritage Garden** on the west side of the museum. The garden will be a permanent living exhibit consisting of an outdoor education area, native plants, pollinator plants, wildflowers, and grasses.

Native Elements Landscape designer Bobbie Holder has generously donated the design plans for the garden. It is a beautiful setting which will be a huge asset to Cody and to Sheridan Avenue.

A Fresno plow, 6 benches, and 2 historic wagon wheels have also been donated. A focal point of the garden will be a life size bronze statue. Entitled "Work to be Done" by Tanner Loren, the piece will depict two pioneers representing the original workers who build the town.

There are a limited number of two smaller versions available for purchase. These funds will help with the cost of the life size monument and the operations of the museum.

- The price of the ¼-life (approx. 22" tall) is \$4,500.<sup>00</sup> and includes your name on a plaque that is attached to base of the monument in the garden.
- The price of the 1/8-life (approx. 11" tall) is \$1,950.<sup>00</sup>.

*\*\*A 50% down payment is required for either size or payment in full.*

Have a symbol of historic downtown  
Cody, Wyoming, in your very own home!

With thanks,

Geri Hockhalter  
Heritage Garden Chair
