## About Our Products

Our products are handcrafted from premium white pine lumber in our family-owned shop in Lancaster County, PA.

In addition to our attention to detail, what sets us apart is our five-step finishing process which will provide a durable finish for many years. You have your choice of stained, painted or two-tone combinations with paint and stain.

# 5

## Step Finish Process

1. Early American stain is applied
2. Paint choice of antique white, grey or black
3. Distressing - sanding and more touches of stain
4. A seal coat is applied
5. Protective lacquer finish
