**10 Reasons to buy an
Outdoor Play System:**

1. Why spend hundreds or thousands of dollars more for something your child will use for 15 years?
2. Our sets are very modular. Design your own outdoor play system using our components.
3. Built to outlast the play years of your child.
4. We use all wood framing which, unlike vinyl, is a renewable resource.
5. No vinyl sleeves that can be cracked when cold.
6. Wooden decks and railings mean no static from vinyl to shock your child.
7. More activities for a lot less money.
8. Damaged parts are easily replaced. Contact OutdoorPlay Systems or go to your local lumber yard.
9. Availability is two to three weeks from our plant (availability may vary depending on distributor's location.)
10. We use Wolmanized® Wood products.

Delivery & setup within 20 miles of Market. \$3.00 for each additional mile.

*******Customer Responsibility*******

Play System site must be level. If site is not level Play System will be installed as is. For Playhouses, we need as wide as Playhouse plus 6 inches to access your set up site. There is a \$150.00 fence removal fee. PLEASE REMEMBER there are some fences that we can't remove. Any questions, please call delivery crew, as there is an additional \$250.00 delivery charge for not having accessibility
