

PATIOVA

LIVE INSIDE OUT

Welcome!

Patiova furniture is carefully crafted with high quality workmanship standards. Since 1982, we've worked with a firm commitment to designing and building only the very finest outdoor furniture. The ensuing decades haven't diminished our enthusiasm in the least. In fact, we're increasingly passionate about creating elegant pieces for gracious outdoor living. Because that's what Patiova is all about—living inside out!

Just Relaxing...

Rest assured, we're not satisfied to just meet your expectations—we strive daily to exceed them!

We believe you'll be extremely satisfied if you choose to furnish your space with...

...Patiova—the fresh new way to live inside out!

A Lifetime of Carefree Maintenance!

However you like to enjoy the outdoors, make it happen with Patiova. Whether it's just relaxing, spending quality time with family, or dining outdoors, poly furniture is the perfect way to help you "Live Inside Out!"

POLY DURABILITY

There's no need to bring poly inside no matter what the season—it can be left outside all year 'round. Poly will hold its color for decades with very little fading.

Unlike wood, poly won't rot, split, or crack, and is impervious to insect damage. Plus, because the color runs throughout the lumber, small nicks and scratches never need to be touched up.

Finally, poly furniture is easy to keep clean. Occasional washing with mild dish detergent and rinsing are all that's needed to keep it looking like new.

For durability and a lifetime of carefree maintenance, it's hard to overstate the advantages of furniture made from today's high-density polyethylene (HDPE). Poly furniture beats wood hands down when it comes to withstanding the elements, including the intense rays of the sun, winter's ice, and the most furious summer downpours.

It's a Colorful Life!

Like bright colors? Make the most of it with our nice selection of tropical hues—including green, blue, red, and purple. And for an extra pop of color, choose from our Sunbrella™ cushions.

Life Friendly!

Live in harmony with nature. Wood outdoor furniture is so down-to-earth, it adds a whole new dimension to “living inside out.” Wood is a natural, earth-friendly, renewable resource. Think green—think wood!

WOOD BENEFITS

Environmentally, wood is a natural, earth-friendly product. Wood is a very renewable resource here in America. Due to improved forest management, more wood is available now than 25 years ago.

User Friendly: Wood can be sanded when scratched. If necessary, wood components can be replaced and easily matched. Wood can also readily be stained or re-painted.

Beauty: Left natural or stained, the wood grain pattern and golden color of wood provides visual interest and a high quality look.

What are some of the benefits of using wood? Wood is a natural, earth-friendly product. Known as one of the strongest, most versatile species of wood, Southern Yellow Pine (SYP) is the wood used in the manufacture of PATIOVA Outdoor Furniture. The quality and availability of SYP is virtually unmatched.

RELAXING & REFRESHING

There never seems to be enough time to get rejuvenated.

That phone call, email, or text always seems to intrude. Let a hanging swing help you win the battle.

Make a date to chat with a friend, read a good book, or just sit and ponder.

Triumph over stress by forgetting about the electronic world—it'll still be there tomorrow.
