- Complete Registration packet.
- Bring copy of immunization record.
- Visit program prior to the first day of attendance.

Where Curiosity Grows

Sundance with me

HOME DAYCARE

In Preparation for the Future

Sundance with me is a sister school to Kids Journey Academy which was created after KJA had to close due to COVID-19. Sundance with me follows and implements the same curriculum from KJA. We strive to provide early childhood education in preparation for kindergarten through structured play and hands-on learning experiences. To learn more about what we can do for you and your children, get in touch with us today.

Meals & Snacks

Parents are responsible for providing breakfast and lunch for their children. The program will be providing well nutritional am and pm snacks.

Philosophy

Every child is unique and capable of achieving most things. As educators we are here to assist them on their educational journey as they develop their potential and expand their knowledge through curiosity.

Our Mission

We strive for children to have a natural curiosity and desire to learn. We do our part by providing and maintaining a loving, secure, and fun atmosphere that enhances creative thoughts, engages children to express the skills they already know, and opens doors to develop new skills and memories. Together with parents and family, we want to allow children to be independent as we assist in building the foundation of their future.

Where Curiosity Grows!

Curriculum

Academics: letters, numbers, colors, shapes, and sight words.

Arts and Crafts: open-ended free art along with themed teacher-directed crafts.

STEAM: experimenting, testing, building, arts, color variations, nature & math.

Language & Literacy: phonics, sight words, and early readers through pictures and story retelling.

Music & Movement: music, singing, dancing, yoga, & mindfulness.

Social & emotional: sharing, taking turns, using words, expressing, circle time, free play & dramatic role play.

Fine motor skills: writing, coloring, painting, cutting, beading and manipulatives.

Outdoor experiences: nature hunts, climbing, running, sports (balls, hula hoops), swinging, bikes and scooters.

The possibilities are endless!
