Adopting an animal is a commitment for the LIFE OF THE ANIMAL. Cats can live, on average, for 15 years. Some cats may live into their 20s. If you adopt, are you willing to commit to this cat(s) and care for him / her for the duration of their life? _____

FOSTER WITH THE INTENT TO ADOPT

By law, rescues cannot adopt out any animal that is not spayed / neutered. Therefore, if the kitten or cat you are interested in adopting is not fixed at the time you bring him or her home, this application will be considered a Foster With Intent to Adopt (FIA) application. An FIA's responsibilities include bringing the cat to our veterinarian (at SHAR's cost) when:

- Vaccinations are due.
- The cat is age appropriately ready to be spayed / neutered
- The cat is in need of routine medical attention (excluding the cat getting hurt while in your home)

When the foster with intent to adopt contract is signed, the full fee will be given.

However, the adoption is not officially finalized until the day of the animals spay/neuter and the adoption contract is signed.

Should you fail to keep the rescheduled spay / neuter appointment, SHAR reserves the right to take possession of the cat, at which time the adoption fee will **NOT** be refunded.

In the event that SHAR incurs any costs or expenses in connection with securing payment of the adoption fees set forth above from you, you agree to pay all reasonable attorney's fees and collection costs.

****Note that while fostering with the intent to adopt, ownership of the cat resides with SHAR. Only after the full adoption fee is paid and an adoption contract has been signed will ownership of the cat be transferred to you****
