REVENUE SHARING

Are you taking advantage of Sellstate's Revenue Sharing Program? Sellstate's Agent Asset Development Program was truly designed for the benefit of our agents. Under the program, Sellstate pays 100% commission; 95% to the transaction agent and 5% to the sponsoring agent in the form of monthly income.

This isn't a complicated multi-level marketing formula where only the few at the top of the pyramid are rewarded. It's a real opportunity to earn real monthly income for life. By recruiting quality agents to the Sellstate family, you'll improve the quality of your life in a secure program that was built to deliver long-term financial security for our agents.
