CAPABILITY STATEMENT

For over 20 years, **IAQ Restoration** has earned a trusted reputation for reliability, responsiveness, and expertise. Headquartered in the Atlanta metro area, our team mobilizes **24/7 nationwide** to support your projects with HVAC remediation, restoration, and decontamination services following fire, water, storm, or organic growth events. We understand that in restoration, your urgency is our urgency, and we're here to help you deliver safe, efficient, and compliant solutions for your clients.

OUR HVAC REMEDIATION SERVICES

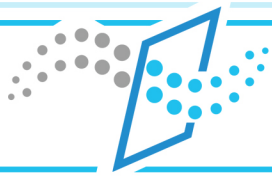

- HVAC system and air duct cleaning
- Post-loss HVAC decontamination (fire, water, storm, or mold)
- Development of scopes of work and cleaning protocols
- Indoor air quality restoration and testing
- HVAC odor remediation and corrosion control
- Infectious disease sanitation and HVAC remediation
- HVAC encapsulation
- Robotic HVAC inspection technology

WHY CHOOSE US

We specialize in **HVAC cleaning and indoor air quality restoration**, providing the technical precision and certified expertise your projects demand. Our methods help reduce energy costs, extend equipment life, and restore systems to pre-loss condition—or better. All inspections and work are performed by **NADCA-certified personnel** to ensure the highest standards of safety, documentation, and performance. We believe in using the right tools for the right job, combining experience, technology, and integrity on every project.

IAQ Restoration provides restoration professionals with a trusted HVAC and IAQ partner they can rely on from assessment through full system remediation.

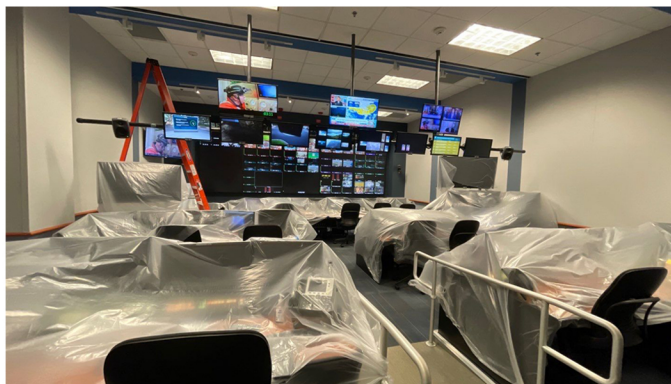

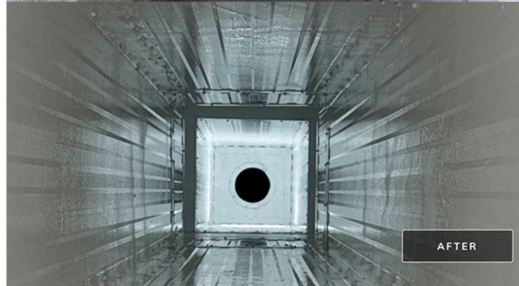

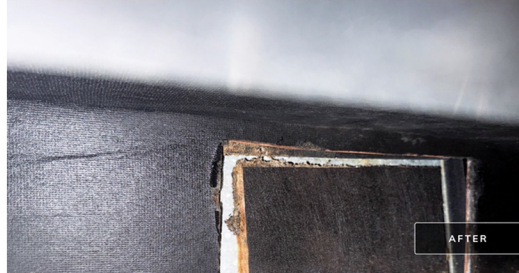

📞 Call us today to discuss how we can support your next project.
