Job Description

About us

We are a youth work organisation, working with children and young people. Connect BYP exists to increase the confidence, wellbeing and employability of young people in Berwickshire and to develop young people's skills and experience through community activities and volunteering opportunities. We operate in the Berwickshire area with projects in Duns, Eyemouth and Coldstream in the Scottish Borders. We are a registered Scottish Charity and reliant upon the support of our funders. When possible, we try to work in partnership with others to increase capacity and opportunities.

Transition Youth Development Worker

14 hours per week (includes some evening working) and the possibility of additional hours dependant on funding
£11.50 per hour – Working with Eyemouth Cluster Primary Schools and Connect Drop-Ins

Base: Eyemouth Tides Reach Building

Fixed term until December 2024 (Further funding dependent)

An exciting opportunity has arisen in partnership with Eyemouth High School and surrounding Primary Schools, to work collaboratively to support young people through transitions.

Working similarly to our Stepping Stones project, the worker will focus on supporting young people with their transitions to High School, working on a 1:2:1 basis and support young people and their needs through this time. The worker will also support the staff with identified young people who may need some extra support with various alternative curriculum.

P7 Transition Youth Development Worker will support young people by offering:

- Focused one-to-one support
- Targeted small group sessions and activities
- Youth Achievement Awards and other accreditation (Full training provided)

This is an innovative approach to attainment and would expect candidates applying to have a clear understanding of this alongside working within the Curriculum of Excellence and the National Youth Work Strategy and outcomes.

Monitoring and Evaluation is vital part of this role to give clearly measure the impact of this new partnership to support future funding.
