G-Scale Get - Together . What a Great Time We Had!

The Southeast Regional G Scale Get-Together was a huge success! Garden railroaders from the south as well as California, Maine, Ohio, and elsewhere gathered in Atlanta August 22-25, 2024.

An event car for the L& N railroad was available to commemorate this special occasion. The weather was fantastic, hot but low humidity, for touring garden railroads. Guests enjoyed 14 garden railroads open for Thursday pre-tours, Friday tours, and Sunday tours. There were lots of complements and praises for the layouts from our guests.

Friday night approximately 90 attendees gathered for a Buffet Meal with short remarks from the host garden railway society as well as show vendors and other groups. A surprise was the announcement from Nashville, TN to host the 2027 NGRC. A quick vote was taken and this convention was unanimously approved! NGRC folks accepted the nomination gladly.

Saturday was an event highlight with the 65th Annual Model Train Show held at Gas South Center in Duluth. Over 1500 paid guests entered the doors and enjoyed the "all scale" show, featuring the largest vendors of G Scale in the Atlanta area since the 2018 convention.

USA Trains, BTO club, 2025 NGRC, Melovetrainz, Train Installations, and Trainz were just a few of the exhibitors. The event wrapped up on Sunday with more garden railroads open for tours.

Nominations for 2025 officers are now being considered and will be announced in the next newsletter.

John Lees: coppermine@windstream.net is serving as Election Committee chairman. Please contact him if you have an interest in serving next year. While most of the existing board have agreed to be nominated again and have served for several years, they would not be insulted if new faces were to step forward and volunteer their services.

Remember also that you need not be an officer to serve the society as a program or one-time event coordinator as outlined in our Policies and Procedures Manual (Section 1.7) on our website.

Terry Manning, President

The Georgia Garden Railway Society as host, would like to thank all those that attended, volunteered, and supported the event through donations and promotions. We had a blast sharing our hobby with many folks during this time.

Highlights from the Southeastern Get - Together

Ted Yarbrough opened for Thursday and Sunday tours. Photo by Frank Crowe

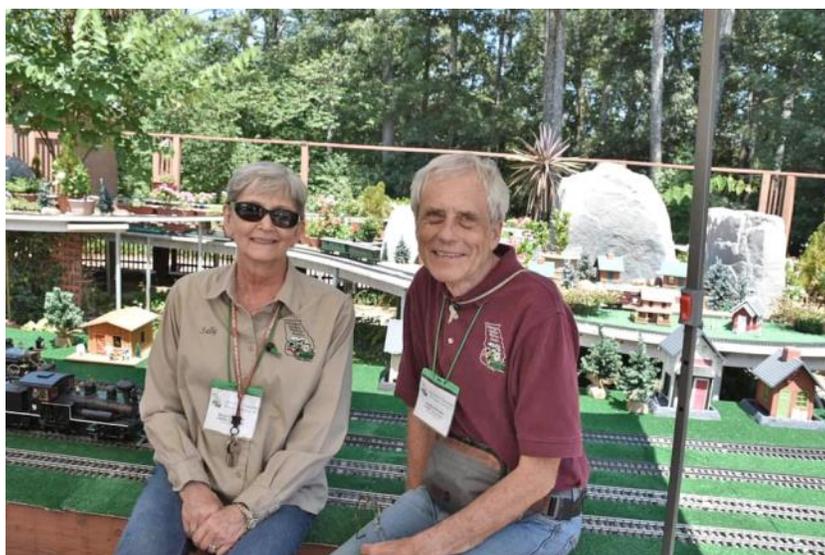

Dave Bergmann opened his garden railroad on Sunday. Dave also owns Split Jaw and gave tours there on Thursday. Photo by Teya Caple-Woods

Carol & Dan Steidle participated in the Friday tours. Photo by Teya Caple-Woods

Sally & James Bando opened their indoor and outdoor railroads on Friday. Sally served as editor for the tour booklet as well. Photo by Teya Caple-Woods

Melina Jungst, Tom Petty, Pat Law, Bob Hussung, Michele Miller, & Steve Jungst were the hit of the Saturday show with their "Kid's Flatcar Production Workshop." With donated loads and a lot of flatcars from USA Trains, the workshop was a great hit. The list of program sponsors didn't cover all of them, but without the Jungst's leadership it would never have happened. Thanks to all who lent a hand. 20 kids were serviced on this day. Awesome !!!

Suzanna & Mike Carney's granddaughter with her loaded down flatcar.

Their grandson also participated.

As did Eileen & Tom Conrad's son and grandson.

GGRS members Aiden & Hollis Sutton participated as well.

From the Leadership of the Southeastern Get-Together

A Great Big THANK YOU to all who helped with the Southeast Regional G Scale Get-Together

The 2024 southeast Regional G Scale Get-Together has come and gone. It was designed by Garden Railroading News to take the place of national convention. Ours was just one of several regional shows and events that popped up all across the country. With hours of work put in by many people, the Southeast Regional was a success. From pre-tours of garden railroads and the Split Jaw factory on Thursday, until the final garden railroad tour ended Sunday afternoon, there were many GGRS members working to provide guests from Ohio, Virginia, Maine, North & South Carolina, Tennessee, Florida, and California lots of southern hospitality. Terry Manning worked hard to keep everyone on track with schedules, financial reminders, and such. Roy Williamson recruited far more G Scale vendors for the Saturday train show than had been in the area since the 2018 convention. Emil Decker and Peter Thomas kept everyone informed with the newsletter and Facebook. Ted Yarbrough recruited the Miller, Bando, Bennett, Thomas, Steidle, Jones, Bass, Bergmann, Avery, Carney, Humphrey, Williamson, Conrad, and Foster families to open their garden railroads for tours. A show car was designed and sold by Roy Williamson. Trainz donated tote bags and opened for tours, Pam Williamson designed the show pin, and the GGRS hosted the Friday Meal complete with door prizes. GGRS board members as well as GGRS members and wives helped stuff tote bags, prepare food and set up the Friday Meal room. Sally Bando served as editor for the tour booklet. There are LOTS of people to thank for this event's success and the above are just a few. There are many more. I think everyone can agree the 2024 Southeast Regional G Scale Get-Together was a great promotion of our large scale train hobby!

Thank You,

Terry Manning, GGRS President
Roy Williamson, Event Co-Chair
Ted Yarbrough, Event Co-Chair

Data from the Train Show Promoter Charlie Miller:

Feet of space **60,000 sq. Feet**
400 tables **7 layouts**

Paid attendance **1500**

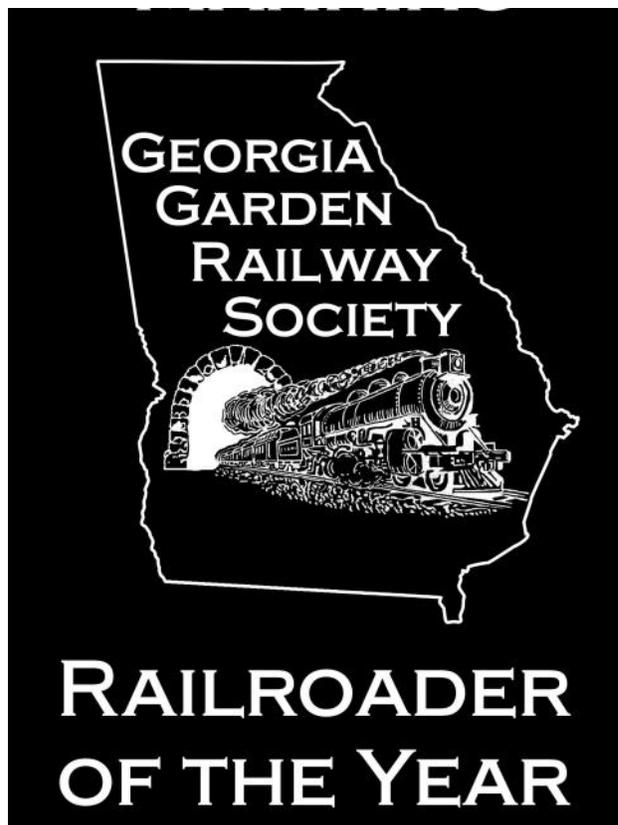

Record sales of Railroadiana, Gordy had record model train sales.

G scale helped to achieve these numbers.

Garden Railroader of the Year

Looking to the future, please submit any nominations for awarding the Garden Railroader of the Year to the Board (temanning@aol.com) as soon as possible. The award is presented at the annual meeting in January but we need time for Board review and selection. Emphasis is on activity in the previous year, so 2024 for the 2025 award, but prior activity is also often a consideration. The award is generally only given once to a person since we have so many award-winning personalities that warrant recognition, but over time the recognition has been repeated in a few cases. Occasionally the award has dual winners. Section 2.4 of our Policies and Procedures Manual lists recent honorees:

- 2011 Ted Yarbrough
- 2012 Richard Garlinghouse
- 2013 Alan Mole & Dan Michel
- 2014 Chris Haon & Ra Barr
- 2015 James Robinson
- 2016 Dave Bennett

Sunday, Oct. 6: Houston, Texas

Thursday/Friday, Oct. 10-11: Fort Worth, Texas

More than three dozen additional whistle-stops in communities across our network are also scheduled. Due to the length of this tour, there is an extended servicing stop in late September lasting two weeks. You can view the entire [steam schedule](#) online at UPsteam.com.

2025 Midwest Garden Railroad Gathering June 4 thru June 7, 2025

Sponsored by the Tulsa Garden Railroad Club

Expo 24 Cross- ville Model Rail- road Club

The bad news is our group is still looking for a place to call home and rebuild our O, HO, N, G, and even Z layouts. Huge amounts of energy and time have been invested. There have been some interesting prospects, but the light at the end of the tunnel got turned off.

There is however good GREAT news. We will be hosting another edition of our Expo train show and swap meet.

The dates are Friday and Saturday October 25 & 26.

The place is the same as last year, Oaklawn Baptist Church social hall 3977 US 70 East, Crossville TN 38555.

The show hours are 9 to 4 both days. Thursday afternoon Oct 24 the hall will be open for setting up. We are welcoming a new traveling modular FreeMo HO layout from the Central Railway Museum crmha.org and the Chattanooga Modular Modelers Club [chattmodmod.org layout](http://chattmodmod.org).

There will be room for ~40 tables, 20 are spoken for already. Cost is \$15 per space if you bring your own furniture, \$30 per 8 foot table if you use one of ours.

For further details or to book table space contact crossvilletrains@gmail.com

Membership Report

Sept 2024

Has everyone recovered from the very busy and successful 2024 Southeast Regional Get-Together weekend in August?

As reported in the August newsletter, we received five new GGRS family memberships who joined when they registered for the get-together. Again, welcome!

Also in August, Bruce and Cindy Scohy from Ohio, rejoined GGRS. Welcome back, we missed you!

On Saturday, August 24th, at the 65th Atlanta Model Train Show at Gas South Convention Center in Duluth, the Georgia Garden Railway Society membership table was up and running. I'm happy to report that four more families became members of GGRS.

Whenever you may see the following at future events, please be sure to welcome them –

Todd & Jeane Alexander from Hull, GA
Ed & Kathy Karpinski from Madison, GA
Mark Thomas from Hoschton, GA
Shawn & Tami Wagner from Auburn, GA

I will start collecting 2025 Georgia Garden Railway Society family dues, \$25, at the September meeting (which is before this newsletter). Dues cover calendar year 2025, January 1st thru December 31st. Please make checks payable to GGRS. You may also mail checks to address below:

Note to - Bob Avery and Russ & Leslie Bundy – you have paid your 2025 dues!

Remember the up-dated photo directory is now available on the GGRS website where you can make a copy for your personal use. If we do not have a photo of you before the end of the year for our 2025 directory, please be sure to see me at the next meeting to have one taken.

Please send your \$25 check for renewal or new membership made out to "GGRS" to:

Ginny Manning
1201 Timber Glen Court
Lilburn, GA 30047

Thank you,
Ginny, Membership Chair

Volunteers in January

For several years, GGRS has done a layout at the annual "Trains, Trains, Trains" show at the museum in Kennesaw. We believe that event will take place January 25-26 (with set-up on Friday, January 24). We usually get notified by the museum staff requesting the names of anyone in our group who might be volunteering with us for a full day on either of the weekend dates. Those members are provided lunch and are given a long-sleeve "Trains, Trains, Trains" T-shirt by the museum. About October, we are often asked for such a list of volunteers and what size T-shirt they wear. Planning ahead, please contact President Manning

(temanning@aol.com) before October 15 with your T-shirt size if you plan to participate and would like the T-shirt and/or lunch.

NOV. 23rd & 24th IN MILWAUKEE **TICKETS ON SALE NOW!**

Tickets are now available for Trainfest 2024! November 23rd and 24th Trainfest will be at the Baird Center in Milwaukee with over 170,000 square feet of model railroad layouts, products, and more! America's largest operating model railroad show features something for all enthusiasts, modelers, and collectors.

Immerse yourself in the fascinating world of miniature railroading with:

- Beautifully designed and built model train layouts in operation.
- Dozens of model railroad manufacturers.

- Free riding Thomas the Tank Engine for kids.

October Club Meeting in Canton, GA on October 26th at the Canton and St. Paul & Pacific Railroad

Celebrating 25 Years!

CS&P Mission Statement

The CSP&P Railway was incorporated for educational purposes and to expand general knowledge of the important role that railroads have played in our lives and history. We focus on inventions and developments of railroads in America and around the world, along with metalworking and fabrication skills and techniques of that era.

About Our Organization

The Canton, St. Paul, & Pacific Railway is a 7.5" gauge live steam railroad. The phrase "live steam" refers to any scale model that operates in the same manner as the full size prototype. "Live steam" can be stationary engines, traction engines, boats, and in our case, railroad locomotives.

Throughout the history of live steam railroading, scale steam locomotives have comprised the majority of locomotives being built by hobbyists. In more recent years, more enthusiasts are building scale models of modern diesel-electric locomotives. Unlike scale steam engines which operate exactly like their full size counterparts, these are usually gasoline or electrically powered.

Located on twelve acres of virgin forest that are protected by the Foothills Land Conservancy, our railroad was built and is maintained by a handful of hard working members using mostly hand tools, picks, shovels, and steam or diesel locomotive power.

Live steam locomotives and rolling stock are generally built by individuals in their own machine shops during their free time. Equipment is transported to and from the railroad with pickup trucks, trailers, etc. This methodology allows live steam hobbyists to take their equipment to other live steam organizations across the country.
