Fun with philosophy!

Values: What Matters Most?

One of our recent Philosophy Club sessions was focused on the idea of **Moral Values**, specifically which values mattered most to people and why.

What was devised was a simple ranking game. Participants rank each of the 25 provided values, and then form discussions around their rankings.

It's a simple game which provided tons of in-depth and powerful discussions!

Read the full resource and download the session plan at p4e.au/resources
