

This is the first screen you will see when arriving at our landing page. The first step will be to hit the “Login” tab on the left and create an account with EZ Facility.

After you make an account, you will receive an email asking to verify your information.

Once you are logged in, you will be able to select from the calendar a specific class that you would like to register for. For this example, I will pick soccer buddies by clicking on the soccer buddies tab on the calendar.
